JOB DESCRIPTION

Job Role:	**Engineering Teacher (Electronic)**
Grade:	Teaching Scale Point 1 – 9
Responsible to:	**Curriculum Leader**

Job purpose

We are looking for an enthusiastic and knowledgeable Electronic Engineering Teacher to deliver high-quality teaching and learning across our BTEC and T Level Engineering programmes. The successful candidate will bring strong subject expertise, practical industry experience, and a genuine passion for inspiring the next generation of engineers.

Main Duties

- Plan, deliver, and assess engaging lessons for BTEC and T Level Engineering courses.
- Teach a variety of units, including health and safety, Electronics and Mechatronics, Circuit Boards, Quality Management in Engineering, Engineering Projects, and any other electronic related units and practical workshop skills.
- Support students in developing both theoretical understanding and practical technical skills.
- Track student progress, provide timely and constructive feedback, and contribute to internal and external assessments.
- Collaborate with colleagues to uphold high standards and meet curriculum and awarding-body requirements.
- Keep up to date with current industry practices and evolving qualification standards.
