Further information for candidates

2 x Class Teacher

The Governing Board wishes to appoint two teachers with effect from September 2021.

The salary range for the posts is M1-UPS1 plus a SEN allowance

Ofsted inspections judged the school as “*outstanding*” in all areas (2017), and has previously been judged outstanding in 2013, 2010, 2007 and 2002. Hinderton has successfully been accredited by the National Autistic Society, (NAS), assessed against a set of rigorous standards which confirmed that all aspects that Hinderton offers children addresses their autism.

The School

Hinderton Special School is situated on the outskirts of Ellesmere Port. It serves primarily the West of Cheshire, with most pupils coming from Ellesmere Port, Neston and Chester.

The school enjoys a high profile in the local authority, receiving many visits, both local and international. We are a Teaching School and provide training and support to a wide range of local schools and settings. An experienced and successful team has established excellence in teaching children with language and communication needs and Autistic Spectrum Conditions, (ASC).

The school values a multi-disciplinary approach to providing the best quality education for every child.

Staffing Structure

The Senior Leadership Team consists of the Headteacher, two Joint Deputy Headteachers and an Acting Assistant Headteacher. A School Management Team also includes the Business Manager, together with the Head and Deputies.

There are currently six full time teaching posts. There are at least two teaching assistants in each class and, and a HLTA working across the school as well as Family Liaison Worker. As a small school we value the contributions to the team from the Administrative Assistants, Site Maintenance Officer, Cleaners, Cook and Mid-day Assistants. The governors also play a very active role in the school.

The local health authority provides regular on-site speech and language therapy which is managed by a Senior Specialist Speech and Language therapist.
