APPRENTICESHIPS

The Spencer Academies Trust is a dynamic organisation committed to delivering the best in opportunities and outcomes for the thousands of children and young people across the East Midlands. Our commitment to staff development is seen within our apprenticeships provision: Spencer Apprenticeships.

It is committed to high quality professional training for the education sector, supporting excellence in education and securing best possible outcomes for children and young people. Based in the East Midlands, this arm of work within Spencer Academies Trust has been established since 2021 and is continuing to grow in the range of programmes: Teacher (level 6), TA (level 3) and Early Intervention Practitioner (level 4) – new this year.

Our trust is a significant levy payer, and we are aware that is the case for other MATs and schools, in an area that underuses the levy and the opportunities it affords for high quality staff development.

We are looking to recruit an Apprenticeship Operations Manager to help us develop the provision. This is a pivotal role if you want to make a real difference at a time when our business is growing. The success of our programme so far was recognised in our Ofsted monitoring visit in September 2023, where we were awarded with a 'significant progress' judgement across the provision.

The Purpose of the Role

The Apprenticeship Operations Manager will develop, implement and oversee our apprenticeship programme, leading on plans to ensure compliance with Ofsted's framework and be ESFA audit ready. The apprenticeships will be for both our own schools as a MAT but also the wider education, so employer engagement within and beyond our own organisation will be pivotal. You will work closely with the CEO of Spencer Academies Trust and the senior leadership of the Spencer Alliance for Leadership and Teaching to ensure successful delivery of apprenticeships in order to maximise the achievement of outcomes and deliver the performance expectations of employers.

We are looking for a dynamic, inspirational individual who is forward thinking and committed to developing the service. Ideally you will have a working knowledge of Ofsted and ESFA requirements relating to apprenticeships, functional skills and End Point Assessment along with a good understanding of the Individual Learning Records System. Experience of working in a similar role in an organisational with Apprenticeship Provider status is desirable.
