'The Best From All'

January 2025

Dear Potential Candidates

Thank you for your interest in this teaching vacancy and I hope that the information contained in this pack helps answer your questions about the post and the academy, and that this leads to an application from you.

The most important thing you need to know is that Warden Park Secondary Academy is a fantastic school to work in! The academy is very well respected in the local community, has a long tradition for excellence and our students' outcomes are very strong. Our students are excellent - generally above average ability on intake they have an excellent work ethic, standards of behaviour are very high and they are enthusiastic in their support of the academy evidenced, for example, by the very high numbers who engage in extracurricular activities. You will therefore not be surprised to hear that the academy is significantly oversubscribed for the 330 places on offer in Year 7 each year. Places in our excellent Special Support Centre (SSC) which caters for 24 students with Education Health and Care Plans are equally sought after.

Warden Park Secondary Academy and Chichester Free School, along with four primary schools, Warden Park Primary Academy, Northlands Wood Primary Academy, Woodgate Primary Academy and Billingshurst Primary Academy, make up the Sussex Learning Trust. The six Headteachers work closely and opportunities for partnership work across the curriculum are evolving as the Trust develops.

There is excellent pastoral care in the school coordinated by a very experienced team of colleagues who oversee our five Communities - Africa, Americas, Asia, Europe and Oceania - and who contribute to ensuring that, even in a large academy such as ours, every student is known and well-cared for.

There is a strong focus in the academy on developing excellent teacher practice. We are a research driven learning institution and our professional development is focused on reviewing best practice and carrying out our own research in order to improve the quality of teaching in our classrooms. Being professionally curious and keen to build strong professional relationships with colleagues are important characteristics that we seek and these are evident in the teachers that thrive here. It is equally important that teachers are able to capture and excite the imagination of students through their subject teaching, role modelling academic excellence and good character.

Through our curriculum we aim to personally empower students by developing in them the ability to act in pursuit of positive personal fulfilment. Our approach is underpinned by a belief that:

- Strong academic outcomes provide students with the foundation to excel in the next and future stages of their learning.

- Highly developed character virtues provide students with the means to develop positive emotions, build and sustain positive relationships, find purpose and meaning in their lives and feel a sense of accomplishment.

By achieving this, we ensure that our students leave well-equipped to be successful in the next phase of their learning and, beyond that, to be confident and empowered with the character virtues, skills and capabilities to go on to be successful employees, citizens, partners and parents. These are equally important life-long outcomes for us.

Further details about our values, culture, ethos and ambitions can be found on our website.

The Art Department

Our ambition is to strive towards achieving ALPS 1, ensuring the highest possible outcomes for our students. We are continually refining and developing our KS3 and GCSE curriculum to drive progress and maintain our reputation for excellence. Art remains a hugely popular subject, with at least one-third of each year group opting to study it at GCSE—reflecting both our students' passion and our commitment to exceptional teaching and learning.

In KS3, Years 7 and 8, Art is taught for two hours per fortnight. In KS4 (Years 9-11) GCSE Art is taught for five hours each fortnight. The department consists of three separate classrooms located together on the same floor. All rooms have sinks, large storage areas, interactive TV's and enough seating for 33 students.

The Art department, consisting of one full-time Curriculum Leader, and three further teachers (inclusive of this post), has a solid commitment to the use and future development of digital technology. All students and teachers have iPads and these are used as an aid to learning, sharing resources and developing digital sketchbooks across all year groups.
