

## Stoke Damerel Primary Academy

We are a friendly two form entry primary school, based near the city centre, catering for children age 4-11yrs.

At Stoke Damerel our motto is **Dream Big, Achieve Together**.

What does this mean for our children?

It means that as a school we have a clear aim and intention to provide an education that enables each child to dream of their own unique, possible future. **Dream Big** means that we seek to provide a wide range of experiences and opportunities for children to discover their potential.

The children at our school consistently exemplify the words **Achieve Together**; they show time and again that they care for and support each other. Walk around our school any time, any day, and you will see children and adults actively engaged in learning. We count it as a privilege to be able to educate such wonderful young people.

We are based in Plymouth, in the far south west of Devon.

Plymouth can boast easy access to the best beaches on both sides of the peninsula.

A dream for surfers, sailors, divers and anybody else who enjoys getting wet in or on the sea. And for those preferring dry feet the entire coastline has a footpath around it offering 630 miles of exploring.

From the edges of the city rise the 365 square miles of the Dartmoor National Park.

This offers fantastic opportunities for hardy outdoor types, such as climbing, mountain biking, canoeing and trekking. For those preferring more gentle pursuits, the natural beauty, cosy pubs and pretty walks along river valleys provide a perfect antidote to a busy training schedule.

Plymouth city centre is being developed rapidly, with a new shopping area, and lots of waterfront development. There is a good theatre, cinemas, and the Pavillions is a venue for touring bands and comedy.

The Barbican offers pubs, street cafes and dining at the water's edge, while the Hoe offers wide ranging views across the natural harbour of Plymouth Sound, and even a dip in the waterfront lido if it's warm enough.

A short ferry ride and you're in the Mount Edgecumbe country park with its gardens, beaches and views

.
