About Exmouth Community College

BELONGING • AMBITION • RESPONSIBILITY

Exmouth Community College is in an exciting stage of its journey. As the sole Secondary school in the beautiful coastal town of Exmouth, we are rooted in our community and dedicated to giving our students a life of opportunity and fulfilment. Our Vision is to enable our students to flourish through our core values of Belonging, Ambition and Responsibility.

We have recently joined the Ted Wragg Trust. The Trust has a very strong reputation for growing great people and place professional development of staff at the heart of all that they do.

Why join Exmouth Community College?

- A culture of high expectations based on strong relationships – we are committed to ensuring that every student receives the highest quality education. We believe that nurturing relationships are key to helping young people thrive and have, therefore, worked hard to embed our 'relational approach' over the last three years. This is enabling us to 'raise the bar' for our young people.

- A place where growth is valued – teaching is complex, challenging, and ever-evolving. We know that even the best teachers can get better, which is why we prioritise professional learning. Every member of staff receives personalised coaching and regular dedicated time out of the classroom for professional development. Our staff wholeheartedly buy into the mantra that "Every teacher needs to improve … not because they aren't good enough, but because they can be even better." – Dylan William

- Honest, collaborative, and open – We don't believe in a 'top-down' culture. Instead, we work together, modelling vulnerability and regularly sharing feedback to improve. We welcome challenge and seek out ways to refine our practice.

- Flexibility in role – We aim to support our staff in achieving a healthy work/life balance. Depending on the role, we may be able to offer a flexible full-time equivalent (FTE) arrangement by agreement.

- Part of the Ted Wragg Trust – Benefitting from stability, support, and extensive opportunities for professional development and collaboration within a network of dedicated educators.

Letter from the Headteacher

Thank you for your interest in coming to work as part of our team at Exmouth Community College. You will be joining a really friendly community of committed staff, supportive parents and brilliant young people. Still being relatively new to ECC myself, I recall very well being blown away by the warmth of the welcome that I had when I arrived and I can assure you of the same.

You will be joining the College at a really exciting time:

- We've completed a major upgrade to our site, including the £13 million Elizabeth Lee building, a new Maths and Sixth Form block, a fully refurbished Dining Facility and outdoor space, providing inspiring facilities for students.

- We've reset our School Vision and made clear strides in improving our school culture. (OFSTED 2024 - "Work has begun in earnest to put in practices to build a more sustained positive culture across the whole school. There is now positivity from staff, parents and pupils about the early impact of this work").

- We've joined the Ted Wragg Multi-Academy Trust, gaining additional support and professional opportunities for our staff.

- We have seen a significant improvement in results profiles for Year 11 and 13 in the last two years, with record results in some measures. We are now above national averages in key measures and seeking to consolidate these improvements to become one of the highest performing schools in the local area.

Our focus is on delivering a high-quality curriculum and preparing students for life beyond the classroom. Staff development is a priority, and we aim to create an environment where you can thrive.

ECC has a strong sense of community, and we're committed to providing excellent education while preparing students for their future. If you're passionate about teaching and looking for a supportive environment, we'd love to hear from you.

I hope you find this information helpful, and please explore our website to learn more. Thank you for considering your application.

Our professional development delivery model

Our professional development delivery is underpinned by our Education key concept (see page 8). We believe that professional development should build knowledge, motivate, develop techniques and embed practice.

At the Ted Wragg Trust, we are research informed and believe that it is important that everyone involved in sharing ideas understands the underlying rationale and evidence base. We ensure that professional development is:

Sustained
Frequency is critical, not time span

Practice-Based
Create new habits

Domain-Specific
Create new habits

External Expertise
Challenge the familiar & refresh ideas

Professional Buy-In
Purpose & benefits eclipse volunteering

We believe this slightly adapted model from 'Teaching Walkthrus 2', Tom Sherrington and Oliver Caviglioli is applicable to all professional development and will underpin the delivery of all our professional development networks, seminars and webinars.

Our Ted Wragg Standard

Our Ted Wragg Standard provides a minimum set of high standards across all our schools to establish clear structures, implement effective processes and hold each other to account to enable excellence. It is based on our three key concepts: Leadership, Education and Every Child Succeeds.

Key Concept: Leadership

We believe that great leadership:

Fiercely educates

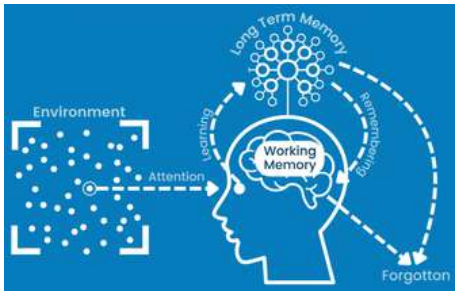

Thrives in a complex system

Is locally enabled

Key Concept: Education

We have a clearly defined and articulated learning model that is understood by all teaching staff. This model of the learning process uses the concepts of Working Memory and Long-Term Memory. It draws on ideas from Cognitive Load Theory and the work of Daniel Willingham.

Key Concept: Every Child Succeeds

We believe individual development is well explained using Maslow; that an individual grows in an ecosystem and can be interpreted using Bronfenbrenner's work, and that we are interdependent.

We believe that to enable our children to live a life of opportunity, we need to understand what true inclusion means. To us, our model is based on Maslow's hierarchy of needs and the Bronfenbrenner's ecology of inclusive education.
