

Teacher of Business Studies (with the possibility of KS3 Humanities) – PART TIME

This is an exciting opportunity to join a successful team at a time of curriculum innovation. Whether an NQT or experienced teacher, you will enjoy working in this supportive department where your continuing professional development is championed.

Brimsham Green School was inspected by Ofsted in May 2019 and was judged to be 'Good' in all areas. Ofsted noted that leaders are "resolute in their ambition to improve standards but are mindful of staff's well-being so that they can fulfil their roles effectively". Ofsted commented that our students' behaviour is good and that the learning environment is "positive and conducive to learning".

- Do you passionately believe that all young people need to be 'humanities literate' to navigate the world around them?
- Can you inspire students to have an enquiring mind?
- Are you ambitious for yourself and others to excel?

If the answer to all three of these is 'yes' **and** you are a skilled teacher of Business Studies who is ambitious for every single child who enters your class, then please read on.

An opportunity has arisen to join the Humanities department at Brimsham Green School on a part time basis teaching GCSE Business Studies. There may be an opportunity for a suitably experienced candidate to teach A-level Economics.

The post is for a 0.6 contract but could be increased up to full time for a candidate who is able to offer experience of successfully teaching Geography, History or RS to KS3 students. The department is well led, and leadership is distributed between the Head of Department, the Head of Business and a Key Stage three Co-ordinator. You will be joining a team of experienced teachers, several of whom have additional senior and middle leadership roles in school.

At KS4, many students choose to study Business Studies at GCSE and vocationally. The KS3 curriculum prepares students for these qualifications and other GCSE Humanities subjects by emphasising an investigative approach to learning, developing the skills and subject knowledge to enable them to excel. The department's goal is for all students to develop a deep understanding of all humanities subjects in KS3 and for the majority to want to pursue their humanities learning further at GCSE.

Uptake of A Level Economics/History/Geography is very strong, an indicator of the engagement in learning instilled in students throughout KS3 and KS4. Brimsham Green works in partnership with two other local schools as part of Cotswold Edge, a collaborative sixth form, serving the needs of students locally. A Level Economics, History and Geography are all taught at Brimsham.

The department is well-resourced, and students' independent learning is promoted. Students have access to online resources, and we are a PiXL partner school.

In return for your hard work, passion and commitment we offer:
