

Chilton Primary School

Information about our school

'Learn with passion to live with purpose'

Chilton School is a large and popular village school set on the outskirts of Chilton at the foot of the Berkshire Downs. The main school building was built in 2002 and is surrounded by extensive grounds. In 2018 we added a new three-class extension.

We have an intake of 45 children into our Reception classes. We operate mixed aged classes from Year 1 – Year 6 with some classes being a single year group and some classes being a mixed year group.

Chilton is a friendly and high achieving school. We use our core values to underpin a curriculum that puts the child at the centre of our school, where positive relationships, based on mutual trust and respect are at the heart of everything we do.

Our ambitious curriculum has been designed to take account of the legal requirements of the Early Years Foundation Stage Curriculum and the Primary National Curriculum. It exposes our children to enriching experiences, immersing them in progressive knowledge and skills; equipping them with personal characteristics required to succeed in life. We encourage creativity in our teaching and learning to ensure that all children thrive.

We have worked hard on our enquiry based curriculum to ensure that our approach to learning allows the children to engage in imaginative and creative topics. We strongly believe that well-chosen educational visits add to children's learning and these are strongly encouraged. We place high value on outdoor learning and have an onsite Forest School where children are offered exciting experiences all year round. Our well-tended school garden enables the children to grow their own fruit and vegetables.

We are looking for a teacher with high expectations in teaching and learning to join our supportive school team.
