At Andoversford Primary School, we create an enriching environment with a sense of belonging, which nurtures children's curiosity. Our goal is that all learners leave us as resilient, self-motivated individuals, ready to thrive in an ever-changing world.

We are dedicated to educating the whole child, and ensure that opportunities to develop independence, ensure a healthy lifestyle (both physically and mentally) promote critical thinking and to explore their passions are available to our pupils. It is very important that we create successful and respectful citizens who will thrive in their future lives.

Academic performance is strong at Andoversford, and we are committed to getting the best from our pupils. Over the last few years we have been part of a GLOWMaths project to embed mastery teaching in maths and we are very proud of the way our pupils use journaling to support their learning.
