

Dear Prospective Candidate,

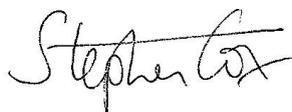

Thank you for responding to the post advertised and showing an interest in working in one of our Trust Schools.

I have enclosed some information about the Trust so you can get a sense of the organisation you are considering joining.

I would like to stress that the development of our staff is central to our school improvement strategy and that continuous professional development of our staff is a constant feature in all our schools. We are a Delivery Partner for the Church of England in offering National Professional Qualifications and are committed to providing Professional Development opportunities throughout your time at The Spire whether you are joining as an ECT or an experienced member of staff.

We are very proud that each school very much retains its own ethos and identity, however, the culture and opportunity for staff development is one of the added benefits that a Multi Academy Trust can provide.

Good luck and should you wish to progress your application then I look forward to meeting you in the future.
