Donovan Stansbury, Teaching Assistant

ATT has helped my career from the very beginning of my adult life. I started my career at Mildenhall College Academy on a Teaching Assistant Apprenticeship, provided by ATT FE. Now with my knowledge and understanding of my role I can succeed further with the support of ATT. I have completed my apprenticeship and now have a full-time role as Teaching Assistant at the academy. My next step is to start an OU degree, again something I will do with the full support of ATT.

Martin Sexton, Lead for Computer Science and STEM Coordinator

Working for ATT has given me many opportunities to progress my career. A move from Westbourne Academy to Mildenhall College Academy 5 years ago gave me my first step up from teacher to leading Computer Science. I received an ATT award for STEM which led to me becoming the STEM coordinator. To help develop my career further I now lead Team Network Group meetings with other Computing teachers from across the trust. ATT has also allowed me to develop my skills knowledge through attending a range of CPD with Computing at School, Barefoot, and Digital Schoolhouse all of which are helping to develop my practice.

Abby Bayford, Director of Institute

I started a career with ATT in January 2014 as a Lead Practitioner of English at Bristnall Hall Academy. I was then given the opportunity to take on the role of Assistant Principal of Teaching and Learning as a maternity post. This opportunity was significant in developing my professional capacity to lead. It also helped to develop my leadership competencies and broaden my scope of influence. Fortunately, this became a permanent post. ATT is passionate about mobilising teacher agency and I was encouraged to drive improvement in areas within and beyond my remit. This led to an increase in responsibility and I became responsible for leadership and management and quality of education as Vice Principal. Through ATT's talent management processes, I was then identified as a potential system leader and was given executive portfolio responsibility for people development across our Trust. As such, I was given the opportunity to become Director of Institute, establishing a professional learning Institute as a vehicle to drive people development for all across our ATT family. This is my most rewarding role to date.

Amy Bills, Regional Education Director

It is wonderful to be part of an organisation in which people development commands such a high profile. My own career development within ATT from Assistant Principal to Principal, Executive Principal and now Regional Education Director is an example of the wealth of opportunities afforded to us all - whatever our role - and the high quality professional development available when part of a large MAT which has transformation and collaboration at its core.

Nicola Powling, Faculty Leader Humanities

Since joining Mildenhall College Academy three years ago, I have been well-supported in my development as a middle leader and with the guidance and advice of senior leaders in the academy I have been able to demonstrate significant impact on the quality of teaching and learning in the Humanities subjects. Last academic year I chaired the Eastern TNG for History, which has given me the opportunity to work with colleagues across the Trust and share best practice. Most recently, I have been seconded to the senior leadership team with a responsibility for teaching and learning; this is an opportunity to continue my career development and to gain insight and experience in senior leadership.

02. Kingsmoor Academy

The Academy Transformation Trust sponsors Kingsmoor Academy. We are a caring, inclusive Academy with high expectations for all of our pupils, whereby we aim to provide a calm and stimulating learning environment, rooted in mutual respect and where everyone is valued.

Our recent Ofsted inspection in February 2020, confirmed that we continue to be a good Academy. They highlighted that: 'Pupils feel proud to attend Kingsmoor Academy and they enjoy learning. Staff have high expectations. The school's mission for every child to be 'equipped with the knowledge, skills and understanding they need to be the best they can be' is a reality for all pupils.'

We take pride in the wider curriculum that we provide for our children which offers enriching opportunities throughout their learning journey at our Academy. Our pupils are encouraged to explore and be inquisitive learners both in the classroom as well as in our Forest school. The wellbeing of our children is paramount at Kingsmoor and we provide children with 'circle time' opportunities to talk freely. We have yoga breaks and provide a range of clubs to support character building and to enable them to develop life skills. We provide all of our pupils' with meaningful opportunities to understand how to be responsible, active citizens who contribute positively to society. Pupils also have opportunities to take part in talent shows, sporting events and residential trips.

At Kingsmoor Academy, we are very proud of the excellent relationships that exist between our pupils, parents, staff, governors and the wider community.

We look forward to welcoming you to Kingsmoor.

03. Our Institute

What is our ATT Institute? Who does it serve?

Our 'Institute' is an umbrella term for all people development available to all ATT stakeholders. It serves our whole ATT community: children and young people, parents and carers, employees and the wider community.

Our ATT Institute Vision

We are committed to the very best people development. We empower all stakeholders through equality of opportunity and place the needs of our stakeholders and the communities we serve at the front and centre of all we do. We believe we are better together and value collaboration within and beyond our organisation. ATT People Development activities will be the very best learning our stakeholders have ever had. Through high-quality people development we will all transform lives and communities.

Our Institute is a learning eco-system through which all people within our communities and beyond can thrive. It starts with the belief that we are all leaders of our eco-system. Leadership does not just come from the top; it has to be genuinely stakeholder-led. Irrespective of our role: admin, education, estates, finance, governance and operations, we all have a responsibility to make things better for children and young people and to help ensure that teachers are delivering a top-drawer education. Thus, we have a professional obligation to keep getting better through engagement in people development activities so that the 'edge' between schools and communities, where educators work with pupils, parents and carers and communities is the best it can possibly be.

We resolutely believe it is our moral and professional imperative to hear all voices and use our own agency to develop others within and beyond our Trust. ATT employees must use their local leadership to develop and lead others beyond their immediate setting and beyond our own Institute. The advancement of our Institute in this way, will lead to whole of system improvement and transform more lives and more communities.

Available people development opportunities for all employees:

Role Performance Development

Our Institute has established 42 Leadership Development Pathways (LDPs) across all our directorates: Education, Finance, Governance, Trustees and Operations, shared through an Institute brochure. The purpose of each LDP is to explain available people development experiences that will support role performance development. Through this menu of opportunities, colleagues can design their own people development journey.

ATT Institute is also a provider of the following people development courses:

- The National Professional Qualification for Middle Leaders
- The National Professional Qualification for Senior Leaders
- ATT Institute Learning Leaders Course & the SSAT Lead Practitioner Accreditation

Strategic collaboration

Collaboration is the oxygen of an improving and self-sustaining Trust. This is facilitated through the following strategic collaboration groups:

- Principals' Development Group
- Strategic Development Group
- Subject Team Network Group

These groups have been described as the 'engine room' of our organisation and the colleagues that lead them, the 'learning brain.'

Research design and its translation

Research is a crucial resource in building knowledge, facilitating learning and renewing our practice. However, it is integral that our research practice does not sit independent to our work in classrooms. Built into our approach is inquiry-based learning. To advance our commitment to research-informed practice, we have established an action research team. The action research team contribute to the advancement of research in areas linked to our strategic improvement priorities and have responsibility for translating their research findings through Strategic Development and Subject Team Network Groups.
