

# **Privacy Notice (How we use applicant information for staff, governors and volunteers)**

This Privacy Notice has been written to inform prospective employees, Governors and volunteers of Preshute CE VC Primary School about what we do with your personal information.

Preshute Primary School is the 'data controller' for the purposes of data protection law. Our Data Protection Officer (DPO) is Amy Brittan (see 'Contact' below).

## **What information do we collect and why do we require it?**

As part of your application to join Preshute, the school will need to assess your suitability for the role. This means that we need to collect information about you in order to facilitate this.

For staff, this information includes but is not necessarily limited to:

- your name(s), title, contact details, address, and national insurance numbers
- ID documents
- eligibility to work
- previous employment history
- education and professional qualifications
- membership of professional or government bodies
- referee details
- equalities information (so that we can monitor workplace equality)
- any information provided by your nominated referees (which includes any relevant disciplinary actions and/or sickness information)
- any other relevant information you wish to provide to us

For governors and volunteers, this information includes but is not necessarily limited to:

- your name(s), title, contact details and address
- ID documents for DBS purposes
- referee details
- relevant experience relating to your application
- any other relevant information you wish to provide to us

## **Online searches**

As part of the shortlisting process, Keeping Children Safe in Education 2022 states that schools should consider carrying out an online search as part of their due diligence on the shortlisted candidates (candidates include: job applicants, governors and volunteers). The school may therefore carry out online searches for candidates. We will only search for publicly available information and the search will be carried out by an independent person not on the interview panel, according to the following criteria:

Is there an indication within the online searches that the candidate has:

- harmed or may have harmed a child?
- posted content that is a criminal offence against or related to a child?
- posted content that poses a risk of harm to children?

- posted content that indicates they may not be suitable to work with children (this covers any incident in the candidate's personal life that might be a transferable risk into the workplace)?

All candidates will be searched in the same way, using the same criteria. Evidence of any of the above criteria may mean we raise this at interview with candidates before making a judgement. We will retain records of any online searches for shortlisted candidates with your application records (see 'How we store this data').

## **Our legal basis for using this data**

Under the UK General Data Protection Regulation (UK GDPR), the lawful bases we rely on for processing recruitment information are:

- *Article 6(1)(c) Legal Obligation:* to follow the statutory guidance for safer recruitment within Keeping Children Safe in Education 2022
- *Article 9(2)(i):* The School is also legally required to collect some information as defined by employment law (i.e. equalities and diversity)

## **Collecting this information**

Much of the information we process will be obtained directly from your application form. However, we may need to collect data about you from, but not necessarily limited to, the following organisations:

- your nominated referees
- the disclosure and barring service
- the local authority

## **Data sharing**

Generally, we will keep your personal data within the School but in some instances may be required to disclose your personal data to:

- third party assessment providers (in order to facilitate your suitability for a role)
- the local authority (who may assist the School with the recruitment process)
- our governing body

Sometimes your application may need to be submitted to an assessment panel. These panels could include individuals from other organisations. We will tell you if this is the case.

## **International transfers of personal data**

We have audited where we store all the personal data processed in the School and by third party services. If a third-party service stores data in the EU or US, we have ensured that safeguards such as standard contractual clauses are in place to allow the safe flow of data to and from the School.
