The Governors and Head Teacher at The Deans Primary School are looking to appoint two exceptional class teachers to come and join our fantastic school, initially to work within our Lower Key Stage 2 classes, with one position in Year 3 and one position in Year 4.

In 2017 we moved to a brand new, purpose built building which opens up a world of opportunities for children, parents and staff. This year is the first year that our building is full, with two forms per year group (plus a Nursery). We have recently undertaken a large grounds development project to further expand our ability to provide an excellent education and experiences to all our pupils, in addition to creating a sensory room and nurture area, and continue to develop our facilities year on year to ensure we fulfill our goal of providing a world class learning environment for our children. We are very much a primary school, and we believe in primary education. We work as a team to get the best from each other and most importantly from the children. As a team, we hold each other to the highest standards, but we also have great fun learning with the children. We measure our success by the smiles and laughter that we see and hear around school, as well as by the excellent academic results the children achieve.

As a member of our school you will be given the professional freedom to express yourself, whilst being supported and developed personally as part of our ongoing commitment to lifelong learning for all. Equally, the character of a candidate is as important to us as their experience. If you're willing to learn, we're willing to support your professional growth. If you want to get a real feel for our school then you should have a good look around our website. If you like what you see and feel that you can contribute to making a significant difference to children's lives then please do apply, or contact us if you have any questions or would like to visit our school or speak to the Headteacher.

APPLICATIONS SHOULD BE MADE VIA THE DFE VACANCIES PORTAL.
