

Data Assessment and Testing Lead Job Description

Main Purpose of the Role

- Lead and align assessment and testing processes across KS1 and KS2 in two schools.
- Ensure data-driven approaches support learning and enhance pupil outcomes.
- Work alongside the Executive Head Teacher to drive improvement and development in assessment methodologies.

Key responsibilities

- Work collaboratively across two schools to establish and maintain consistent assessment practices.
- Support the design, implementation, and evaluation of assessment and testing procedures for KS1 and KS2.
- Provide clear, actionable data and information to teachers and support staff to inform planning and teaching.
- Analyse the impact of current assessment and testing processes, identifying areas for improvement.
- Audit current practices and develop a focused action plan for ongoing development.
- Offer training and networking opportunities to staff to support professional growth in assessment.
- Demonstrate a working knowledge of pedagogy and current educational practice to ensure assessments are meaningful and supportive of learning.
- Support budget planning and timetabling related to assessment and testing activities.
- Be accountable to the Executive Head Teacher and report on progress and impact.
- Liaise with external partners and networks to ensure best practice in assessment is shared and implemented.

Safeguarding

The Loriners Multi Academy Trust is committed to safeguarding and promoting the welfare of children. All appointments will be subject to a satisfactory completion of safeguarding checks, including an enhanced DBS check, in line with Keeping Children Safe in Education (KCSIE).

The Loriners Multi Academy Trust is committed to creating a diverse workforce. We'll consider all qualified applicants for employment without regard to sex, race, religion, belief, sexual orientation, gender reassignment, pregnancy, maternity, age, disability, marriage or civil partnership.
