WHAT WE CAN OFFER

- *Amazing children*

Everything that we do is for our children. We recognise that some days are easier than others for everyone, but we approach each day with care, love and consistency. We **want** children to enjoy school, and we are not afraid to do things differently in order to meet these aims.

- *A beautiful working environment*

We have a 100-year-old building, set on extensive grounds, that is being invested in to meet the needs of our children and staff. We use our environment in a multitude of ways to support our children, developing it as we go!

- *Investment in people*

Our school will only succeed with the support of our staff team. Great staff make a great school! We have wellbeing as a central theme in all that we do; we support each other wherever we can, and we recognise that the job of a teacher is not easy.

Seeking success...

As a school, we are committed to providing a stimulating and motivating learning environment, and we strive for excellence in all that we do. We believe that everyone in school should enjoy their learning and feel proud of their achievements, and our curriculum contributes to this by giving equal value to developing children's academic, social, physical, and emotional understanding. We **want** children to feel successful and we strive hard to find time to develop the **whole child**.
