CREATING REMARKABLE SCHOOLS  
NO CHILD LEFT BEHIND

## Welcome to Beckfoot Trust

Thank you for your interest in Beckfoot Trust. We really appreciate it. We are a family of schools who are purposefully working together to create remarkable schools where no child is left behind. We need great mission-aligned people to join us and live and breathe our mission and values.

The Trust was established in 2013 by the founding CEO David Horn and his team and there were originally two schools, the fact that one was special and one was mainstream is highly symbolic. Since then, we have steadily built up to ten schools; four secondary, four primary and two special. Our Trust was founded because we believe that schools, people and community are stronger by working together. To join the Beckfoot Trust a school has to be located in Bradford, be genuinely comprehensive in character, be mission aligned and critically, must believe in the power of collaborative practice to drive improvement.

We educate over 7,300 learners aged 2 to 19 and have 1100 staff. All of our schools are improving at pace and we have seen some remarkable transformations. There is huge pride across our community in what we stand for and are seeking to achieve. We are an optimistic organisation and we genuinely believe that 'everyone can'. As one Trust where all belong, we have clarity over our principles of alignment and what must happen in every Beckfoot Trust School. We also strongly believe that Headteachers must have the power to lead. Whilst community and context are never used as an excuse for low standards or dis-alignment, we respect and value diversity and recognise that there may be differences in the implementation of some strategies in some settings.

We believe that Beckfoot Trust is a great place to work. We offer competitive salaries, dedicated INSET days for planning, bespoke professional development including career stage leadership development programmes and much more. In particular, our Early Years Career Strategy ensures that teachers new to the profession are well supported as they transition from trainees to accomplished teachers. We take a great interest in the psychological wellbeing of our employees as they are the people that make a difference to the lives of our young people on a daily basis.

Please take the time to read about our 10 core features as explained on our website, and if possible, take the time to visit or contact us to find out more at [BeckfootTrust@beckfoot.org](mailto:BeckfootTrust@beckfoot.org)

I am incredibly proud to lead our Trust and I am sure that if you visit, you will find that our moral purpose is quite simply palpable.

## Working and living in Bradford

### Five Reasons to Teach in Bradford from BradfordTeaching.org

<https://www.bradfordteaching.org/>

1. Demand for good quality teachers is high. We are the youngest city in England – almost a third of people living in Bradford are under 20 – so education is key to our future.
2. You'll get experience of working with different people and cultures in one of the most diverse cities in the UK. About half of our school students are from black, Asian or minority ethnic communities.
3. You'll find school leaders on a mission to deliver the best education possible to create life chances for young people. We have one of the first research schools in the country and strong multi-academy trusts, offering exciting career opportunities.
4. You will change lives here. About a quarter of our children are classified as living in poverty. If you believe that opportunity should never be limited by a child's family income, then we need your passion and your skills in Bradford.
5. We're a growing, ambitious city with an entrepreneurial spirit and a trend of educational improvement. Be part of our success story.

### A Wonderful City to Live in

<https://www.visitbradford.com/visitor-information.aspx>

An award winning, cultural destination and one of the youngest, most vibrant places in the country. Combine a UNESCO City of Film and World Heritage Site with wild and beautiful moorlands, throw in world class artists such as David Hockney, and literary greats, The Brontës, couple that with a vibrant city, packed with heritage and fun things to do, and you have Bradford! With attractions such as Brontë Country, Keighley and Worth Valley Railway, the Cow and Calf rocks, Ilkley Lido, Salts Mill, the National Science and Media Museum, and the Alhambra Theatre, all just a short train journey apart; it's no wonder Bradford has been awarded the title 'Emerging Destination 2018' by the Luxury Travel Guide.

It is a cultural city with many attractions and an impressive history, which is reflected in the striking architecture found throughout. Take in the high profile exhibitions and interactive galleries at the National Science and Media Museum, which overlooks the multi award winning City Park, a beautiful water feature and an arena for a spectacular events programme throughout the year. Bradford city centre is home to the Alhambra Theatre and newly reopened St George's Hall. Both over one hundred years old, they offer a complementary mix of comedy and west end shows. Proud to have been one of the richest cities in the country due to its international recognition for wool, the Wool Exchange, built in the 19th Century, still shows the wealth and importance wool brought to Bradford through its architecture. Nowhere is this more evident than in Little Germany, a unique collection of 19th Century buildings, 55 of which are listed.

### Travel and Transport Links to get you Around

Getting to Bradford district couldn't be easier whether you choose to drive or use public transport. Once here you can travel around the district with a great range of public transport available connecting you to all the must see places.
