Headteacher: Mrs Julie Summerfield

Teacher of Computer Science and ICT – MPR/UPR
Full time – required for January 2022 or earlier if possible.

We are looking to appoint an outstanding Teacher of Computer Science and ICT to join a dedicated friendly and successful team of specialist Teachers. HTC has a reputation for providing outstanding support for staff and students and we are committed to providing the highest quality of learning for all students in every lesson. We have an OFSTED rating of good (most recent OFSTED inspection March 2019). HTC is a 'school where students' academic achievements and their personal development are regarded as equally important'. 'Parents are overwhelmingly positive and appreciate the care and support their children receive'. The College is at an exciting stage of its development and we welcome applications from qualified teachers who want to be part of a consistently improving College.

Computer Science is taught as a core subject in KS3, and in KS4 continues as an option subject with further specialist courses available. These courses include GCSE Computer Science, OCR Cambridge National Information Technologies, OCR Cambridge National Creative iMedia and OCR Cambridge National Enterprise and Marketing. The department is very forward thinking and continually looks for courses that are relevant to our students. We currently have over 400 students taking one of our KS4 courses as an option.

The successful candidate will have excellent up to date subject knowledge including Computing and general ICT skills. In addition they must be prepared to teach a variety of different courses across the department including Business Studies. They will need to be able to work as part of a dynamic and forward thinking team and play a proactive role in the further development of the department.

This post would suit an NQT or experienced Computer Science and ICT Teacher with a passion for this subject. We comprehensively support all new staff and have tailored programs for NQT's, staff returning to the profession and those seeking a career change. The College is committed to professional development and will seek, where possible, to support staff in their ambitions to further themselves.

The College is committed to safeguarding children and promoting the welfare of young people and expects all staff and volunteers to share this commitment.

Teaching application forms and further details are available from the College website.

Closing date for receipt of application: 12 noon Wednesday 6 October 2021
