Job Title: Head of Physics

TLR 2b (£5,027 per annum)

Accountability for leading, managing and developing a subject or curriculum area or pupil development across the curriculum

- Lead a continuous process of curriculum review to ensure the physics curriculum is coherently sequenced in all key stages, makes links between as well as within units of study, with progression from starting points to end points clearly mapped.
- Lead a continuous process of curriculum review and innovation to ensure the physics curriculum is challenging and ambitious for all, regardless of prior attainment or status.
- Stay up to date with educational research to secure a deep knowledge and evidence-based understanding of outstanding science curricula, including for pupils with SEND and those who are disadvantaged.
- Collaborate to define and agree team improvement plan that will fulfil school improvement priorities.
- Lead, monitor, evaluate and report on the impact of improvement strategies on the quality of teaching and learning and students' achievement and use this analysis to guide further improvement.
- Ensure self and team are up to date and respond to local / national issues and agenda in relation to subject area and professional role.
- Identify and coordinate CPD needs and opportunities.
- Account for achievement, attainment and welfare of all students within your subject/year.
- Provide headteacher with relevant subject, curriculum area or student performance information.
- Monitor the learning climate across the team and implement strategies where needs are identified.
- Analyse and interpret relevant national, local and school data, plus research and inspection evidence, to inform policies, practices, expectations, targets and teaching methods.
- Be responsible for enrichment in relation to the curriculum area.

Accountability for impact on educational progress beyond assigned students

- Identify appropriate attainment and/or achievement targets.
- Use data effectively to identify students who are underachieving and, where necessary, create and implement effective plans of action to support those students.
- Monitor student standards and achievement against annual targets and across different groups of students.
- Monitor work in pupils' books over time to ensure it is of a consistently high quality across all science subjects. Where it is not, action plans are put into place.
- Plan and implement strategies where improvement needs are identified with individuals and groups of students.
- Ensure curriculum coverage, continuity and progression in the subject for all students, including those of high ability and those with special educational or linguistic needs.
- Monitor standards of student behaviour and application and make appropriate interventions.
- Lead evaluation strategies to contribute to overall school self-evaluation.
- Ensure that relevant attainment/achievement targets are met.

Accountability for leading, developing and enhancing the teaching practices of others

- Contribute to the Teaching and Learning strategy of the school and share good practice from the team with the wider school community.
- Maintain personal expertise and share this with other teachers.
- Act as a role model of good classroom practice for other teachers, modelling effective strategies with them.
- Monitor and evaluate standards of teaching, identifying areas for improvement.
- Evaluate teaching role in the school, use this analysis to identify effective practice and areas for improvement and take action to improve further the quality of teaching and learning.
- Induct, support and monitor new staff.
- Act as performance management team leader for identified colleagues.
- Engaging parents /carers in students' learning.
- Establish and implement clear policies and practices for assessing, recording and reporting on students' achievement and for using this information to recognise achievement and to assist students in setting targets for further improvement.
- Create a climate which enables other staff to develop and maintain positive attitudes towards the subject / role and to have confidence in teaching it.
- Help staff to achieve constructive working relationships with students.

Line management responsibility

- Ensure that performance management arrangements are effectively discharged.
- Monitor and evaluate the contribution and impact of other staff on school improvement.
- Provide quality assurance monitoring and intervention as agreed.
- Identify professional development needs and co-ordinate these with those responsible for CPD in the school.
- Plan the deployment of staff expertise to achieve school improvement targets.
- Take initial responsibility for the pastoral care and welfare of colleagues.

Line Management - Responsibility to and for:

As appropriate,

To: Head of Science

For: Departmental: Teaching Staff

Conditions of Employment

The above responsibilities are in accordance with the Teachers' Pay and Conditions Act and subsequent orders in terms of duties and working time, also any local agreements, LEA Circulars and guidelines giving interpretations of teachers' conditions and service.

Review and Amendment

The job description is normally subject to annual review. It may be amended at the request of the Headteacher or the post holder but only after full consultation with the post holder. It will be signed if agreement is reached.

Complaints

If, following review and amendment, agreement is not reached the appropriate procedures should be used for settling any disputes.

Job Description issued by the Headteacher after consultation.
