Cyber Security Engineer
Salary - PO1, Pt 27 – 30 (£31,346 - £33,782)
Hours - 37 hrs per week / 52 weeks a year
Mon to Thurs 8am – 4pm / Fri 8am – 3.30pm
Required – October 2021

The Cam Academy Trust are looking for an experienced Cyber Security Engineer to help us maintain the security of our IT systems and network. This is an exciting new role working within our IT Support team. Your duties will include protecting system boundaries, keeping computer systems, cloud infrastructure and network devices hardened against attacks and securing highly sensitive data.

The Trust works to push the boundaries of technology, aiming to lead the way in the use of Cloud and one-to-one technology in education to enhance the learning experience across its multiple school sites.

The Security of information and systems presents one of the biggest risks and opportunities for all organisations today. Internal and external attacks are becoming more complex whilst the balance of enabling our staff and students to use our services in a cost-effective manner must be met.

The ability to electronically collect, analyse, present, and respond to logged information obtained from network devices, connected computing devices, application logs, databases, identity and access management systems, operating systems, policy compliance tools vulnerability/threat management tools, etc underpins the security operations of our systems.

You will need to have excellent communication and problem-solving skills as you will be working primarily on your own under the direction of the Trust IT Manager. This role is highly technical requiring a considerable understanding of underlying network technologies.

The successful candidate should be enthusiastic about solving problems in the threat detection and security response space and possess both deep and wide expertise in the security space and have a background in security or systems engineering.

For further information about this vacancy please navigate to the vacancies page of The Cam Academy Trust website.

To apply for this position please submit an application form and covering letter to Tania Tull, Trust HR Manager on ttull@catrust.co.uk by midday on Wednesday 6 October. Interviews will be conducted during the following week.
