Royal Greenwich
Trust School

Royal Greenwich Trust School, part of the University Schools Trust, is an expanding start-up 11-18 school in the heart of Royal Greenwich.

The University Schools Trust (UST) are seeking to appoint an individual with a desire and enthusiasm for delivering on the effective use and analysis of data in school. School data can help to positively impact on the educational experience of all pupils giving them the opportunities to choose from a broader range of pathways for life. We want someone who is experienced in the impactful use of data to join our team and help support our pupils and staff achieve their potential.

The UST is exceptionally aspirational for the young people it serves, and we are deeply committed to extending our work in order to have an even greater impact on educational outcomes for young people.

Established in September 2016, the UST currently comprises three-member schools located in two London Boroughs: St Paul's Way Trust School - an Outstanding all-through school, Cyril Jackson Primary School - an Outstanding school, both in Tower Hamlets - and Royal Greenwich Trust School - a growing school in the Royal Borough of Greenwich.

The UST has exceptional links with six world-leading universities and three sector-leading bodies and together we work collaboratively to deliver a shared vision of inclusive, high quality and transformational education delivered by schools which are deeply rooted in the communities they serve.

Specific key responsibilities will include:

- Data Analysis and Systems - ensure the effective management and reporting of data across the school by working with the Trust's Data Controller to implement the Trust's data strategy helping school leaders to enhance the educational experience of pupils.
- Quality Assurance and Compliance - ensure that the data produced is accurate and meets the regulatory requirements providing confidence to the organisation.
- Team Player - establish positive relationships with staff to enable high quality data and data analysis can be communicated effectively.

Interested candidates are encouraged to arrange an informal discussion about the role and/or to visit the school.

These can be organised via the HR team:
