DEPUTY CURRICULUM LEADER FOR MATHS

MPS/UPS

TLR 2b

Permanent, Full time

Required from January 2027

We wish to appoint a Deputy Curriculum Leader for Maths who has a real passion and enthusiasm for leading this aspect of the curriculum, inspiring both students and staff alike.

We offer an environment where our teachers are respected and trusted as professionals. We allow teachers autonomy in the decisions they make for the students in their classrooms, supported by a culture of teacher development and training. Collective Endeavour is how we ensure the greatest experience for our students. Teachers in our school immediately become part of strong departmental teams with regular collaborative planning where subject experts have the opportunity to develop pedagogy and curriculum together. We strongly believe that autonomy and collaboration allow our staff to achieve true professional joy.

Our curriculum leaders and deputies are considered a vital part of the leadership of the school and meet regularly as a group to ensure the collective endeavour in raising standards and achievement for our young people and providing the best school experience to them.

We are a truly inclusive school and for us social justice and providing all of our students with the knowledge and skills to allow them to have a voice and achieve their goals is really important; the most for those that need the most. This is echoed throughout our school with a real commitment to the wellbeing and success of our staff and students. If you think this aligns with your values, then we would love to hear from you.

ABOUT FRAMWELLGATE SCHOOL DURHAM

Thank you for considering joining us as at Framwellgate School Durham.

The school website is an excellent starting point if you wish to know what life is like here and we would urge everyone to look at this to help them decide if our school is right for you. We're also really keen that people visit the school before applying for any post here so they can have a good sense of our values and ethos and how you can contribute to that.

The school ethos is based on the idea of excellence, inclusivity and all are students being known and valued. It's important to us and our commitment to social justice that these aren't simply words, but what we ask all members of our community to model and practically demonstrate during their time here. If these values speak to you then this could be the school for you.

AIMS AND ETHOS

We want three things for all our students:

1. To be known
2. To be valued
3. To achieve excellence

WHAT WE BELIEVE

We're driven by our values above all else.

We define these as:

Excellence- Everyone in our community will know and experience success

The most for those that need the most- We will meet the needs of all our learners

Known and valued- Everyone here will be celebrated for who they are and what they do

Collective endeavour – We will achieve success together

Joy – Everyone will know and create joy

These five values determine all that we do and every part of the school flows from them. They set the direction and act as a compass to ensure we continue to grow and develop as a school in the way that we feel best supports all our students.

OUR CURRICULUM

We are rightly proud of our curriculum in terms of both its scope and its ambition.

As a true community and comprehensive school, we want all the children we serve to experience success and also be supported to achieve their maximum potential regardless of what that it is – it's not the grades students get while here that defines them but the destinations they unlock and we're proud of our ability to help every student reach the right destination for them. To enable this we recruit subject specialists, passionate about their chosen area, to share their love for their subject with others. All our staff should still be excited about learning new things themselves and this habit will build the culture of excellence we strive for.

PASTORAL CARE AND SUPPORT

Pastoral care, and the strong relationships between staff and students, is a key strength of the school and is shown in the compassion and respect that all members of our community routinely show to each other. This is a fully inclusive school and we're proud of this fact. All students are placed in tutor groups and remain with their tutor group and their tutor as they move from Year 7 to 11. The tutor is the first port of call for all students and will build up a rapport unique to each child over their time here so that every student feels valued and known. Each year group also benefits from the support of a non-teaching Pastoral Manager, as well as access to other specialists such as our Emotional Wellbeing Worker. This allows students to receive the support they need so they can focus on their education.

Our personal development offer is rich and detailed and aims to ensure that every child leaves not only ready to be a success in life but knows what active choices they can make. The school has a rich extra-curricular and super-curricular offer to help build character in students and we encourage all our staff to help grow this further by running clubs or societies that are close to their personal passions. From the French book club to girls' football, 6th Form reading buddies to Vex Robotics, Climbing to the Broadening Horizons Award, there's something for all students to enrich themselves with.

LEADERSHIP, STAFF WELLBEING & DEVELOPMENT

The leadership of the school is committed to trusting in the professionalism of all its staff. We offer a high level of autonomy so that curriculum areas and individual teachers are trusted to determine what they believe is the best, most enriching and challenging curriculum for our students as well as constantly reflecting on the best pedagogical approach to deliver on that ambition. We promote the fact that this should all be a **collective endeavour** and that it is teams working together that achieve the best results. In return the leadership of the school will look to ensure that we all maintain a calm and orderly environment, that teachers can teach and that the training in school is designed to maximise professional development and help in the maintenance of our high standards.

At a leadership level we are all committed to the values of ethical leadership and to applying this to every aspect of school life. Every member of the school community should feel able to speak to anyone else on a professional level and that their concern or question will be listened to, acknowledged and acted upon. As a consequence of this approach, morale amongst the staff is high as we encourage them to seek **professional joy** and value working here. The school will benefit from a new build due to open in 2027, but the heart of any school is not it's bricks and mortar but the people who work there, something we recognise and celebrate.

LIVING IN THE NORTH EAST

Living in the North East is an attractive proposition. Many of our staff live within our catchment area and house prices in the region mean that it is ideal both for those seeking to establish themselves on the property ladder, or for families in need of more space. As well as the historic city of Durham with its rich cultural heritage and thriving social scene, the surrounding area offers much in the way of natural beauty for people to enjoy, whether walking in the Wear valley, going north to the Borders, south to the North York Moors, surfing in the North Sea or spending time in the other local cities of Newcastle or Sunderland.

Well served by transport links, the school is close to both Durham train station, a key stop on the East Coast Mainline, and the A1 (M), allowing easy access to Newcastle, York and London. Durham is an amazing place to both live and work and we're confident you'll feel the same.

THE MATHS DEPARTMENT

The Maths Department is made up of a team of 7 specialists, led by a Curriculum Leader and a Deputy Curriculum Leader. The team consists of some ECT or recently qualified teachers alongside others with many years of experience. Students study AQA GCSE and our sixth form offers A' level maths as well as further maths (Edexcel). At KS3, the Sparx curriculum is used and students use the Sparx homework platform with great success. The Maths Department has opportunities to collaboratively plan and meet weekly as part of the CPD programme where they draw upon each others' expertise to develop and enhance the curriculum, agreeing the best ways to teach specific topics and taking an evidence-informed approach.
