Our school has lots of opportunities and ideas for change, so this is a well-timed opportunity for a new deputy to join a professional and supportive team and really make a difference as we continue to move the school further forward.

- the ability to adapt to an ever-changing educational environment to ensure sustainability of the school and maintain the quality of education provided
- a proven ability to continuously monitor and implement new developments and practices in education to improve outcomes for children

- a strength in curriculum, assessment and data analysis and how this is used to inform and plan next steps of learning
- the ability to recognise and demonstrate outstanding classroom practice for pupils of all ability levels
- a collaborative focus with the ability to develop and nurture effective partnerships with other schools

We can offer:

- an exciting opportunity to recruit new AHTs with the Headteacher and work as part of a developing senior leadership team committed to developing an inspiring curriculum which is motivating, relevant and accessible to all
- the opportunity to develop and grow your skills, strengths and leadership
- a strong, conscientious and enthusiastic staff team who work together to provide the best education and support for our pupils
