PRIORY SUPPORT STAFF 'SHOP OF SUPPORT'

SUPPORT AVAILABLE FOR ALL SUPPORT STAFF AT PRIORY

This document outlines the type of collaborative support on offer for **all staff** at Priory, **you**, to complement **your** CPD, as well as our PM, appraisal or capability processes.

This 'shop of support' is not an exhaustive list. It will evolve year on year and throughout the year. It will be specific in some cases to certain individuals but is nevertheless listed within this document to provide concrete examples of the type of support available to **you** as an individual, as and when **you** might need or want it.

It will allow **you** to initiate conversations with colleagues (please don't wait for colleagues to approach you) about what needs to improve, what will move **you** from good to great, but importantly, **how** that might be achieved.

The Seven Principles of Public Life

1. The Seven Principles of Public Life

At Priory, the Seven Principles of Public Life (also known as the Nolan Principles) apply to all our staff. As public office-holders, we serve both the public and are stewards of public resources and as such, we adopt the following:

1.1 Selflessness

Holders of public office should act solely in terms of the public interest.

1.2 Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

1.3 Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

1.4 Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

1.5 Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

1.6 Honesty

Holders of public office should be truthful.

1.7 Leadership

Holders of public office should exhibit these principles in their own behaviour and treat others with respect. They should actively promote and robustly support the principles and challenge poor behaviour wherever it occurs.

Why should I need support?

- **All staff** at Priory will always be assessed initially against each element of the employee's Job Description. Minimum expectations are that *'you are accountable for achieving the highest possible standards in work and conduct. Where you act with honesty and integrity; keep your knowledge and skills up-to-date and are self-critical; where you forge positive professional relationships; and work in the best interests of all pupils.'*
- Because **you** must support the best academic and pastoral progress of **all** our pupils.
- **You** must be willing therefore to reflect on **your** practice, year on year, to **avoid complacency** and change, evolve or tweak the way **you** do things, so **your** practice is continuously honed and improved to achieve this.
- Because *'what got you here, will not necessarily get you there'* – **you** must break any mind-set that chain **you** to certain ways of doing things and to doing things the way **you** have always done them.
- Because the highest form of accountability is **your** own professional accountability for the quality of **your** work and to the pupils/staff who **you** support.
- Because **you** must be an agent of **your** own accountability - committed to **your** own professional learning – improving **your** pedagogical skills, accessing and using best evidence, innovating, evaluating and improving learning.
- Because **you** must ultimately take ownership and accountability of **yourself** for the work **you** provide at Priory.

What will Priory aim to do?

- **Recognise that work is a huge part of our lives, and that our lives can affect our work.** Therefore, help address this **'lifestyle balance'** by providing **'professional support'** that enables us to be the best we can be in our work as well as **'personal support'** that focuses on our welfare and well-being.
- Recognise that developing the quality of support staff, TA's, leaders and teachers, is one of the most important jobs in the school and make it the starting point that professional learning can always be better.
- Ensure there is sufficient investment in professional learning for **you**, and that developing professionalism is a key strategic priority.
- Remove obstacles and create the conditions that will allow **you** to develop.
- Support **you** to work collaboratively to evolve, to cultivate peer learning within school and between schools and to encourage innovation.
- Support **you** to plan and evaluate **your** work with colleagues, observing and learning from each other and sharing what works within or across groups of schools.
- Support **you** to access, where necessary and at the right times, relevant support as listed in this document.
- If necessary, prioritise support in the following order. Those staff following:
 - Formal capability
 - Informal capability
 - Appraisal
 - Staff not following appraisal or capability procedures.

'PERSONAL SUPPORT' AVAILABLE FOR ALL STAFF AT PRIORY

Our framework of personal support is focused around 'Self-Care' and 'Team Care'.

As described in Priory's 'Strategic Plan' document, our 'Employee Wellbeing Team's Mission', outlines this as the following:

"Reflecting on what we can do to ensure everyone can cope with their workload"

How do we get there?

Through our key strategies (a focus on):

- A. **Team Care** – All adults playing their part in supporting the well-being of others.
- B. **Self-Care** – Individual employees showing a commitment to manage their own personal well-being.
 - Centred around Priory's 5 pillars of well-being:
 - i. Helping juggle the demands of day-to-day life (see this document - Priory's 'Shop of Support')
 - ii. Relaxation
 - iii. Nutrition (Diet)
 - iv. Movement
 - v. Sleep

Please note – all staff will receive a copy of the book, '*The 4 Pillar Plan, How to Relax, Eat, Move, Sleep – Your Way to a Longer, Healthier Life*' by Dr Rangan Chatterjee, outlining how you might put points ii to v above into practice in some manageable, simple ways.

Therefore, a recognition of our own (Self-Care) and our colleagues (Team Care) **Mental Health; Physical Health and Nutritional Health** – all of which is wrapped around our **Priory culture**:

- **A culture** where open and honest discussions on how we might improve and/or support our welfare as staff are welcome.
- **A culture** where, collectively, as a staff, we help ourselves and help each other address our '**lifestyle balance**'.
- **A culture** where we recognise the signs in ourselves and our colleagues when the demands (professional and/or personal) on you/your colleague outstrip your/their belief in your/their ability to cope with them and:
 - Let others know/talk to colleagues.
 - Discuss possible short-term options & potential solutions.
 - Discuss possible longer-term options & potential solutions.
 - Focus in addition, on what is going well – the positive.
- **A culture** where open and honest discussions with colleagues, who may wish to discuss their own particular circumstances, will be facilitated as a viable alternative to capability. Please see Mr Eastham (or

line manager in the first instance), should you wish to engage in a ‘without prejudice and protected conversation’ – an ‘off the record’ conversation to discuss your own situation at any given time.

- **A culture** where we are committed to placing wellbeing and mental health at the heart of our decision making, as per the ‘**Organisational Commitments**’ cited in the DfE’s ‘*The Education Staff Wellbeing Charter*’.
