OUR SCHOOLS

BLETCHINGLEY VILLAGE PRIMARY SCHOOL & NURSERY

We are an all-through, values-led Primary School, with its own Nursery Class and a specialist centre for children with speech, language and communication needs, set in beautiful and extensive grounds.

We aim to provide an environment which is inclusive, caring and stimulating, with high expectations of achievement and behaviour, and where learners develop good self-esteem and resilience. This enables them to become active partners in their own learning who take risks and learn from their mistakes. We encourage learners to ask questions and to learn how to solve problems and challenges. We aim to ensure that each learner reaches their full potential and to create an atmosphere where learning is irresistible by offering a rich, varied and meaningful curriculum.

We live in a rapidly changing world and we need to prepare our children for the future, enabling them to access lifelong learning. We continue to develop our understanding and use of new technologies; as well as smart televisions, we are introducing a range of technologies for children to use as effective tools

for learning. Our library has been extended so that we can offer a wider range of books as well as an ICT based study centre. Our outdoor facilities have also been significantly developed, providing outdoor classrooms.

Whilst the children's learning is our first priority, we also offer a wide range of extra-curricular activities so that all children can achieve and shine in the field of their choice – music, sport or the arts – and we develop the children's emotional literacy and social skills through all that we do in school to enable them to become responsible and positive members of the society in which they live.

Our staff team includes a mix of experienced and newer employees, enabling us to learn from each other. We support all staff to achieve their development objectives and encourage everyone to maximise opportunities for CPD.

OUR SCHOOLS

HAMSEY GREEN PRIMARY SCHOOL

'Together we learn for life', underpins all aspects of the school environment we create.

Our mission is to provide all pupils with an outstanding education in a caring, secure, happy and stimulating environment. We aim to set them on the path of becoming lifelong learners.

Positioned on the county border between Croydon and Surrey, we are surrounded by beautiful open countryside. Classrooms are light and airy and open directly onto our spacious green space.

The children of Hamsey Green Primary School are happy and confident and come to school each day eager to learn. They have good and respectful relationships with each other and the staff. Their behaviour is very good and they wear their uniform with pride. Visitors to the school comment on the children's courtesy and politeness as they move around between lessons and their focussed attitudes to their learning.

On entry, the majority of our children are below age-related expectations, however, we have proved to be very good at closing this gap as the children rise through the school. Aspirational targets and robust measures to improve progress and attainment are having a positive impact on achievement for all pupils. Our recent OFSTED inspection rated us as a GOOD school and we intent to build upon this in our pursuit of excellence.

Children are able to participate in numerous activities and are encouraged to try new things. Clubs take place before, during and after school and are run by both staff and outside agencies. Pupils

have opportunities to go on residential trips as well as numerous day excursions designed to enrich the curriculum.

We run a highly successful breakfast and after school club and have an on-site nursery, which opened in September 2020 (staff discounts available).

We share a campus with Warlingham School & Sixth Form College, and benefit from excellent facilities, meaning that together, we are at the heart of our community.
