Welcome

Through a model of education that creates a network of inspirational and inclusive academies that share the same values, the Trust provides the drive for educational improvement and dynamic transformation. All of the academies work closely and collaboratively together, along with our partners, seeking to exploit the key educational philosophy of human scale education. To maximise the levels of achievement across each of our learning communities, all activities are focused on improving the life chances of the young people in our care.

As of 1st September 2022, our Trust comprises 30 geographically organised academies (14 secondaries, 14 primaries and 2 special) educating 20,000 students, and employing 3,000 talented staff. The Trust is establishing four 'clusters' of academies: North Kent; Central Kent; South East London; Medway. In addition, the Trust is responsible for one of the region's biggest initial teaching training organisations, a large teaching school hub and is an accredited apprenticeship provider. Our future plans are found in our [Vision 2030 document](#) available on our website.

We are now recruiting to appoint an exceptional leader to the role of Director of Learning - Art/Design and Technology at The Leigh UTC and Inspiration Academy. The role of Director of Learning is a pivotal role in the school's future journey as our appointed leader will continue to build and evolve our unique and inspirational place of learning at The Leigh UTC and Inspiration Academy. The successful candidate will work closely with the Vice Principal and other senior leaders across the Trust to maintain and further develop a strong network of effective academies across the Dartford cluster.

We are looking for an exceptionally talented leader who will use their energy and vision to make a real impact, achieving outstanding outcomes for our students and ensuring that the school exceeds current standards and achievements.

The Leigh UTC and Inspiration Academy

The Leigh UTC and Inspiration Academy

The Leigh UTC was established by local companies, Leigh Academies Trust and Greenwich University, opening in September 2014. To provide a bridge between the world of education and the world of work, training young people in the technical entrepreneurial skills and personal and collaborative skills needed to succeed in the modern workplace. Our mission is to provide young people with a relevant education in a fast-changing world, and provide employers with the skilled workforce needed for UK industry to thrive. We offer young people the education they need today to equip them for tomorrow's careers.

The Leigh UTC vision is to 'develop STEM professionals for the future global market'. In 2017 we opened the Key Stage 3 Inspiration Academy, hugely popular in the community and it provides a broad curriculum with focus on STEM. Leading the way for other UTCs across the country as they evolve to meet the challenges of year 10 entry into their UTCs. The recent development of T levels started here at the UTC in 2020.

On leaving The Leigh UTC, many students have already established connections with local employers, have applied practical skills through project-based learning opportunities and are used to working in a professional environment. This makes them highly employable and sets them up for a broad choice of pathways at 18 – whether that's going to university, higher and degree apprenticeships, or directly into a career. The impressive track record of student destinations after leaving us is testament to the quality of this distinctive educational experience.

We are looking to appoint a talented leader as Director of Learning - Art/Design and Technology who has a real passion for STEM education and developing young people, playing a pivotal role in the development of our amazing UTC.
