

Welcome to Clapton Girls' Academy!

Dear Candidate,

Thank you for considering joining us as a **Drama Teacher** (Drama with English considered). We're delighted you're interested in becoming part of the CGA community.

CGA is a vibrant, ambitious school where every student is encouraged to aim high and every member of staff is supported to thrive. We're proud to share some of our recent achievements:

- Outstanding in all areas – Ofsted, May 2024
- Silver Secondary School of the Year award (Pearson) 2025
- Autism Inclusion Award (National Autism Society) July 2025

Our students are enthusiastic, curious and a genuine pleasure to teach. Drama sits within our vibrant PE and Performing Arts Faculty, alongside Music and PE, creating a collaborative and creative environment.

The department continues to flourish, with consistently strong GCSE outcomes. In Summer 2025, GCSE Drama results were 84% Grade 9-5 and 55% Grade 9-7. The department also bucked national trends, with disadvantaged (PP) students outperforming their non-PP peers. We pride ourselves on delivering challenging, innovative lessons that engage students and explore relevant, thought provoking material which sparks discussion, creativity and ambition.

Your Wellbeing Matters

We know that great teaching starts with happy, healthy staff. That's why we prioritise work-life balance and staff wellbeing. Here are just a few ways we support this:

- Flexible working options to help you balance your professional and personal life;
- A two-week October half-term to give you time to recharge;
- Regular opportunities for staff feedback – we listen and act on what matters to you;
- A comprehensive wellbeing programme.

As a member of our team, you'll benefit from excellent CPD, access to excellent professional development, and the chance to grow in a school that values collaboration, and creativity. We're proud to be an anti-racist school and are committed to building a staff team that reflects Hackney's rich diversity. If you're passionate about shaping the next generation of female leaders in science, we'd love to hear from you.
