Our vision is for every student to achieve to the best of their potential. In working towards this we recognise the need for a highly skilled, suitably qualified, and motivated staff.

We can only achieve our vision by working alongside colleagues to create the right climate and culture for teaching and learning, allowing teachers to focus on teaching and their own development.

About The Park Community School

The Park is one of two 11-16 comprehensives in Barnstaple. Park was opened in 1972 following the re-organisation of selective education in the town; however, the origins of the school date back to 1910, with the site housing both the Boys and Girls grammar schools. Many elements of the original buildings remain and these help to link the school to its proud and strong history.

The school currently educates 1450 students, mainly from the town of Barnstaple and outlying villages. In recent years, the popularity of the school has meant that the geographical catchment has increased, with many students now travelling some distance to join us.

On joining the school, each student is assigned to one of our five houses: Fortescue, Raleigh, Drake, Chichester or Kingsley. Siblings will also join the same house meaning that the Head of House creates a strong relationship with students and families over time. Each house contains two tutor groups from each year group. Students recognise the strength of the house system and value this greatly. It creates a family environment within the school and leads to healthy competition in sports and other inter-house activities. From September 2022, we will also have Heads of Year who will support one year group closely as students move through the school- creating a more stable and student-centred relationship and support system.

The school is led by a dynamic leadership team whom all share the school passion and drive to develop quality teaching and learning. The school is forward looking and sets itself high standards and expectations.

Park is a part of The Harbour Schools Partnership (THSP). The Trust supports Park and ensures academic rigour, collaboration and the further development of teaching and learning. The school also belongs to Education Futures North Devon, an association that covers North Devon providing supportive mechanisms between partner schools for staff training, developing and sharing ideas.

The school is a member of the Southwest Institute for Teaching (SWIFT), a great provider of CPD. The governors are keen for the school to form strategic alliances with appropriate bodies to ensure school development.
