The **Herewoode** Academy

Welcome from the Head Teacher

Dear Applicant,

Thank you for your taking the time to read this pack and for your interest in joining our amazing team at The Herewoode Academy.

Our school is the heart and hub of our community. Our core purpose is to transform the lives our young people and to develop their knowledge, character, personality and understanding of the world to ensure they thrive and enjoy a happy life. This is all underpinned by amazing care compassion and support.

Undeniably, academic success is really important. However, our school is about more than that. It is about providing opportunities, enrichment, experiences and creating lifelong memories.

Furthermore, our staff are the vehicles which enable our students to thrive. There is therefore a comprehensive package of induction, support, professional development and workload strategies we employ to ensure staff are well looked after and developed too. There is a fully comprehensive perks package too which all employees are subscribed to.

Our school is on a journey to becoming a transformational provider of education. We are not the finished article and are always striving to improve so that our students get the best possible deal.

We value the relationship that we have with parents and carers. After all, we are a community of staff, students and parents working together to achieve the best for every child and young person who attends The Herewoode Academy.

To see our amazing school in action; to meet our amazing staff and students and to experience and bring to life what I have summarised above, I really welcome potential applicants to get in touch, come for a look around and ask any questions you may have.

I look forward to receiving your application.

About The Herewoode Academy

At The Herewoode Academy, we believe that every young person deserves to feel valued, supported and inspired to achieve their very best. Our school is a welcoming and inclusive community, where students develop ambition, character and confidence.

Everything we do is underpinned by our CARE values: Compassion, Aspire, Respect and Engage. These values shape our culture, guide our decisions and help create an environment where every member of our community feels a true sense of belonging. We encourage our students to demonstrate these values both inside and beyond the classroom.

We are passionate about providing a high-quality education that combines academic excellence with exceptional pastoral care. Through high expectations, strong relationships and a broad range of experiences, we empower students to become resilient, responsible and successful young adults.

At Herewoode, we are proud of our diverse community which celebrates individuality and values mutual respect. We are ambitious for our future and together with our students, families, staff and wider partners, we are committed to creating a school where every child can flourish, unlock their potential and develop the knowledge, skills and values needed to succeed in life.

Teaching and Learning

Our Teaching and Learning strategy ensures that all our young people are fully challenged and engaged through our offer of a rich and inspiring curriculum which enables each individual to explore their potential, build on their strengths and discover their passion. We do this by embedding a culture of respect, responsibility, resourcefulness and resilience. Our curriculum journey empowers students to make successful life choices and meaningful contributions to society.

Arts and Culture

Our Arts and Culture strategy develops vital life skills such as creativity, critical understanding, empathy and collaboration — all important for building resilient individuals and communities who believe that anything is possible.

Sports and Physical Activity

Our Sports and Physical Activity strategy ensures that every student has access to world class sports facilities and physical and health education — an offer which extends to the wider community. Our Health and Wellbeing strategy ensures that every member of the school community has the knowledge, tools and confidence to take care of their own health and wellbeing and to encourage those around them to do the same.

Careers and Employability

Our Careers and Employability strategy ensures that we provide timely and impartial careers knowledge which raises aspirations and unlocks every student's potential to succeed. These strategies, combined with excellent relationships, a strong team spirit and a drive for excellence in everything we do, underpins our ethos. Staff are not only skilled, but their dedication, enthusiasm and support for the students means that every child who attends the academy has the opportunity to maximise their own ambition and excel through the high standards of teaching and personal development.

Building a community to be proud of

We are proud of our excellent track record of collaborative place based leadership to date and have learnt an enormous amount about how to engage local people and the wider systems with authenticity and purpose. As such, the appetite for learning and building active, healthy communities is now shared by a growing network of partners and is demonstrated by our whole system approach which focuses on a wider geographical area than just New Parks.

Through our community based work we have recognised that traditional methods of creating change that involve 'top down' or 'bottom up' approaches lead to linear silos. Our approach of building communities from the inside out has avoided the silo effect and ensured common purpose towards whole system changes.

We have recognised that organisations and communities are interlinked and interdependent, therefore a system perspective is at the centre of all our work, not just within the realm of sport and physical activity but across the healthcare, social care and public health system as well as more broadly across the 'place shaping agenda'.

Our approach to place leadership applies equally to local leaders within communities and to organisational leaders, strategic influencers and political leaders. We believe and work on the principle that true collaboration has no hierarchy and builds on the logic that partnership is the union which enables all parties to do something together that they cannot do alone. Genuine collaboration within a complex system as required adaptive practice by all involved and we are developing this through all our strategies.

Working in such uncertain, diverse and complex communities where approaches do not yield their normal expected results. We have needed to work flexibly as we encounter unprecedented situations and as our understanding of the local community grows.

Welcome from the CEO

Dear Applicant,

Thank you for your interest in working at the heart of **Nova Education Trust**. I hope that you will find this pack useful and informative in helping you to find out more about our organisation and to complete your application.

Since 2011, Nova Education Trust has successfully supported schools of all phases to secure improved educational standards. Over the last few years, our organisation has undergone a significant transformation and is unrecognisable culturally, educationally, financially and in governance terms from the organisation it was pre-2021.

Educationally, we go from strength to strength. 94% of our academies are now judged by Ofsted as Good or Outstanding, compared to 47% that weren't when they joined us. Nova's KS2 SATs performance is strong whilst Progress 8 and 5+ EM across all of the schools is currently ranked as one of the highest in the region. We are highly valued and respected by the DfE, the Local Authorities and other local trusts. This is testament to our brilliant pupils, staff and the communities that we serve. Our trust support and governance is strong and has been externally recognised as amongst the best in the sector and our organisation is financially stable. We understand and we believe that schools belong to their communities — the mission is the same, but the vision may look different in our range of contexts and settings.

We are committed to our vision, values, ambitions and principles, and we are determined to achieve our mission of creating transformational schools. We are looking for a talented and inspirational leader who is committed to transforming the lives of our learners, with the imagination, passion and experience to support and challenge us to even greater things in the service of our young people.

Nova Education Trust is an organisation that trusts and empowers its staff. Front and centre to this is our commitment to well-being and engagement because we believe in enabling people to be at their best. We

are changing the way we support people to grow and develop, through 'coaching, not telling' — we now have over 150 professionally-trained coaches in the organisation and we have plans to train all middle and senior leaders. We think it's essential that colleagues can access excellent professional development and progression pathways which suit their individual needs. We pledge to lead the way with Diversity, Equity and Inclusion in our organisation. We will introduce new and innovative ways to increase the diversity of our workforce and continue to strive for an inclusive culture in which people have a voice and can contribute, feel a sense of belonging and are able to be themselves.

It is such a pleasure and privilege to lead such a talented group of staff who are forever looking for new and innovative ways to make us even better, each and every day. I am so proud of what we have achieved so far but I know that we can do even better, despite the challenging educational landscape that we find ourselves in. We have a highly skilled, experienced, dynamic and diverse board. They are so supportive yet professionally challenging and there is a great synergy and trust between the board and the executive team.

If you have got a sense of humour, drive, energy and enthusiasm to make us even better then we'd love to hear from you. This is a fantastic opportunity to join a values-driven trust at an exciting stage in our development.
