We offer a unique educational experience in the city and girls who are part of our school become part of the strong network of Newland Old Girls, within the city and beyond. We promote the traditional values of respect, care for each other and self-discipline, while celebrating the school's diverse talents, abilities and cultures. Our students work together in a well-ordered, harmonious and happy community drawn from all cultures and backgrounds across the city.

We place a high value on care and nurture to enable all our students to make rapid academic progress and grow into caring and responsible young adults. Our students have a keen appreciation of moral values, a lively sense of purpose and a justified pride in themselves. They value highly the support they receive from teachers, the challenge they receive in lessons and the tolerance and respect all students have for each other in their school community. We have high levels of attendance and punctuality. Our students are successful, personable and motivated to learn. "Students' good behaviour and highly positive attitudes to learning are underpinned by good promotion of spiritual, moral, social and cultural education." We place a high value on the development of character alongside, a student's ability to achieve excellent examination results.

Newland is a school you can teach in. It is not without its challenges but we work hard as a staff team to ensure consistency and rigour in the education and support we provide. We are invested in the work we do and the impact we have collectively. Every employee is a part of that team and contributes to the outcomes of the students.

I hope that your research has enabled you to see what we have to offer and that by applying you want to be part of this success culture.

Yours sincerely
V Callaghan
