

## **Executive Headteacher – Calstock and Stoke Climsland Schools Federation**

The governors of Calstock and Stoke Climsland Schools Federation are seeking to appoint an inspirational successor for our current executive headteacher who will be leaving at the end of the current academic year.

This is an exciting opportunity to lead a federation of two highly inclusive, local authority primary schools in the East of Cornwall with a strong relational culture and a focus on the whole child.

Calstock is the smaller of the two schools with three mixed-aged classes and 56 pupils currently on roll. Stoke Climsland is one-form entry and currently has 185 pupils on roll. Each school has its own distinctive identity, yet we are unified by a singular vision and a shared set of values. This vision is described in our long term plan for growth and development (LPGD) which can be found on each school's website.

We seek a skilled and reflective leader to drive standards, champion inclusion and wellbeing, develop and support staff, steward resources effectively and work closely with governors and the wider community. Safeguarding and the welfare of children are paramount. This post will require a DBS check and references will be requested prior to interview.

This is a permanent, full-time role and the governors envisage that the new executive headteacher will continue a working pattern of two days at Calstock and three days at Stoke Climsland during a typical week. The post does not involve a teaching commitment.

Please see the information pack for more details.

Closing date for applications: 31<sup>st</sup> March 2026

Interview date: 21<sup>st</sup> April 2026

**Completed application forms and equal opportunities monitoring forms must be returned to [headships@cornwall.gov.uk](mailto:headships@cornwall.gov.uk) by 23:59 on 31 March.**
