WELCOME FROM OUR CEO

It is my pleasure to welcome you to Inspire Education Trust.

At Inspire Education Trust we are passionate about making a difference to the lives of our pupils. They are at the heart of everything we do, and we strive to inspire all learners, and want all our schools to be the best they can be and for each and every child, to discover the skills, abilities, talents and interests that lie within them.

We believe in working in partnership, enabling us to ensure all children and pupils achieve their full potential. Our schools know the impact that working collaboratively can bring.

Our schools have a desire to question, change and innovate to ensure that what they provide enables our children to become successful learners, confident individuals and responsible citizens.

At the same time, we recognise the importance for each school to retain and promote their individual identity. Every school has its own context and challenges. This is why we encourage our member schools to lead and manage in a way that preserves that individual identity and responds to the specific needs of their children and community.

The combination of autonomy and collaboration across key areas of leadership and management, underpinned by shared values and best practice is what makes our schools special.

Lois Whitehouse – CEO

Deputy CEO

We put the quality of education at the core of our vision. Our school improvement strategies provide an excellent framework to deliver a truly broad, balanced and inclusive curriculum with an emphasis on co-curricular activities such as Arts, Music and Sports from age 2 to 18. We believe that every child is a powerful learner.

We are a progressive Trust with an excellent track record of Primary school improvement across our portfolio of 8 schools, 7 of which are Primary schools.

We have strong models of Primary school improvement alongside high-quality implementation and delivery. We have proven able to deliver high standards of education, systematically, through excellent improvement practice that incorporates knowledge building, evidence-informed professional development, and the creation of communities of improvement.

As a successful Trust we deploy the expertise of specialist primary teachers and leaders across our schools to ensure maximum impact.

The goal is for every member of staff, in every classroom to be as **good as they can be** in what they teach (the curriculum) and how they teach (pedagogy), e.g., paired planning time with subject/ teaching expert to develop teacher confidence and pedagogy.

Coaching conversations with teachers/ leaders so that developments come directly from them to motivate and signpost independent improvements through self-study documents such as WALKTHRUS and external courses. This will allow capacity to be enhanced so that teachers can then improve each other and hone/ innovate practice. Once practice is embedded and impactful, we would look to develop leaders of these areas externally to innovate and lead future practice in their school and more widely across the Trust.

We are constantly refining the way we support, challenge, and improve our schools. At the heart of our approach is first-class teaching.

Rob Darling – Deputy CEO
