We are dedicated to educating the whole child, and ensure that opportunities to develop independence, ensure a healthy lifestyle (both physically and mentally) promote critical thinking and to explore their passions are available to our pupils. It is very important that we create successful and respectful citizens who will thrive in their future lives.

Academic performance is strong at Andoversford, and we are committed to getting the best from our pupils. Over the last few years we have been part of a GLOWMaths project to embed mastery teaching in maths and we are very proud of the way our pupils use journaling to support their learning. We are keen readers, and have our own school library which is frequently restocked with new books that celebrate the diversity we see in the world around us. Our curriculum also includes partnership working with the community, which give great enrichment opportunities with Move More, Gloucester Rugby and Gloucestershire Music among others. We loved seeing our pupils perform at the Cheltenham Town Hall after spending 10 weeks learning all about Samba!
