

Malton School

A Specialist Science School

SUPPORT INSPIRE THRIVE

General Teaching Assistant

Information for Applicants

June 2022

Dear Applicant,

Thank you for your interest in the post of General Teaching Assistant at Malton School. This document aims to give you some information about the school and the application procedure.

Malton School serves a wide rural area of Central Ryedale, as well as the town of Malton itself. We currently have 968 students on roll, including 177 in the Sixth Form; there are 51 teaching staff and 65 support staff. We are fully comprehensive. Our staff student relationships are excellent. Behaviour is extremely good. Most of our students move on to university and many of them to Russell Group universities. We offer a very happy and supportive community in which colleagues can further develop their career. The school is over-subscribed. We currently have 5 forms across all year groups.

We are seeking to appoint a General Teaching Assistant to assist the Head of Inclusion with tasks required for the effective delivery of SEN provision and differentiated learning within the Inclusive Learning Group.

The school operates an iPad for Learning scheme. Every member of teaching staff has an iPad as well as a laptop and all students have an iPad. All Teaching Assistants have an iPad.

The school is a member of the Red Kite Teaching School Alliance, a group of high achieving Yorkshire schools. We share staff development programmes and opportunities within the alliance, including leadership development and support for early career teachers.

I hope you will be interested in this post and I look forward to reading your application.

Yours sincerely,

Rob Williams
Headteacher

Benefits of working at Malton School

The school prides itself in being a supportive employer, offering favourable terms and conditions to facilitate outstanding teaching and learning. Some of the main additional benefits of working at Malton School include:

- PPA above the national expectation in response to staff delivery of a Personal Development Activity (PDA – see below).
- A strong bespoke staff development programme for all staff.
- A major investment in support staff roles (e.g. allowing the provision of “no cover”) so that teachers can focus on planning and delivering outstanding lessons.
- Membership of the Red Kite Teaching School Alliance.

Malton School is committed to safeguarding and promoting the welfare of students and young people and expects all staff to share this commitment.

The Inclusion Team

Malton School provides a caring environment whilst inspiring students to fulfil their potential. Our team has a dedicated Learning Support area and works from this base with staff and students throughout the school. We work to enable students with additional educational needs to access both the academic and social aspects of school life. The team works with students with a range of learning needs as well as supporting students with social and emotional needs. Students with SEN present a diverse range of challenges, abilities, skills and interests; therefore, we value staff who are genuinely interested in students and can engage with them as well as supporting their academic progress. Students are encouraged to see their learning needs within the broader picture of themselves as a learner rather than as a defining characteristic or limitation. We encourage students to become independent whilst feeling confident about accessing support when it is needed, with a view to equipping them for future study or employment.

The School Curriculum

We operate a four-period day within a ten-day cycle. Each lesson is 75 minutes long. Students have 26 hours curriculum time each week, with the extra hour on a Thursday set aside for personal development (see below).

Key Stage 3

Students are placed in mixed-ability form groups. In Year 7, teaching is in mixed ability groups. In Years 8 and 9 setting is for Science, Maths and the group of subjects English, Geography, History, French and Religious Education.

Key Stage 4

English (including Literature) Maths, Double Science, Religious Studies and Physical Education are compulsory. Students then choose four further options subjects (10% of curriculum time each). Where students choose triple science, this takes up one of their 4 option blocks.

Key Stage 5

Advanced Level courses are currently taught in Biology, Chemistry, Computer Science, Design Technology, Economics, English Literature, Fine Art, French, Geography, History, Maths, Maths (Further), Music, Photography, Physics, Physical Education, Politics, Psychology, Religious Education and Sociology. BTECs are offered in Food Science, Health and Social Care, and Sport and Cambridge Technicals are offered in Information Technology, Business Studies, Digital Media and Performing Arts.

Re-sit GCSE courses are also offered in English and Maths, together with an open access provision for IT skills acquisition.

Personal Development Activity

One hour per week is devoted to personal skills development. Staff offer nearly 40 different courses. Students choose a different course each term. The scheme is focused on character education and the development of the whole child. New members of staff would be expected to contribute to this programme.

Citizenship

Citizenship is taught to all in Years 7 to 9 for one period per fortnight. This builds on a well-established programme of Personal & Social Education, complementing tutorial work and linking into the Careers programme.

Academic Structure

The academic work of the School is structured in Faculties. Each Faculty is led by a Faculty Leader and an Assistant Faculty Leader.

In-service training is managed in consultation with Faculty Leaders. Funding for books and equipment is derived from a formula which takes account of the numbers and ages of students as well as the nature of the subject. Faculties are also able to bid annually for additional funding from the School budget, the Endowment, and the PTA.

Pastoral Structure

The School has 7 Heads of Year (from Year 7 to Year 13) who are all line managed by the Director of Pastoral Care.

The School Site

We are fortunate to enjoy a large site on the edge of Malton with views of both the North York Moors and the Yorkshire Wolds. The sports field accommodates three hockey, four football, one rugby pitch, one cricket pitch and an athletics track as well as hard court tennis courts / netball courts. Staff can use our sports facilities in the excellent sports centre. There is plenty of parking space for staff.

Malton School was founded in 1547, becoming a comprehensive school in 1971 with the merger of the original grammar school and the neighbouring county modern. The two buildings, known as East and West Wings, date from 1911 and 1958. As far as possible, subject departments are housed in one wing. Most members of staff are based permanently in one room.

We opened a new Science block with four new laboratories in 2004 on becoming a specialist Science School, resulting in a total of eight laboratories and associated preparation rooms. Our Food Technology rooms were totally re-furnished in 2011. In February 2011 Archbishop Sentamu opened a community sports centre and full-sized, floodlit, astroturf pitch on the school site, providing us with the best P.E. facilities in the area. A dance and drama studio was opened in September 2013. Fully refurbished DT rooms opened in September 2016. A new 4 classroom Humanities block was opened in September 2021.
