City Academy
Information Pack
June 2021

Thank you for your interest in working for CORE Education Trust. I co-founded the Trust in 2015 and remain very much “hands-on” in my approach to leading the Trust. However, I am very clear that it is not my job to run our schools. We employ dynamic Headteachers and senior leaders and we give them a clear mandate to lead on delivering a CORE education in the local context of each of our schools. These schools are at the heart of the communities they serve. As a sponsor, we are committed to understanding the local contexts and we provide solutions, resources and innovation on that basis.

Our CORE Values inspire everything we do. This is supported by our new long-term vision which is defined through a relentless emphasis on optimism, ambition and oneness. This builds on our strong team ethos and a culture of purpose and belonging. We thrive on diversity and work hard to create school environments that are open, outward facing, creative and dynamic.

You can read much more about our ethos, culture and history through the many archive news stories on the internet. We have had an eventful journey to this point! What I hope you will recognise about that history is that we are a resilient and courageous MAT. We dare to step into situations that are challenging, and we seek bold solutions because that is what we believe our children deserve. Each school we take on has its own distinctive identity and therefore its own distinctive rewards and challenges.

A quick look at our social media profiles will enable you to get a sense of those different contexts. As well as finding out as much as you can about the school at which the role you are applying for is based, I would also encourage you to fully understand the nuanced details of the Trust’s wider work through projects such as Echo Eternal before submitting an application.

We would also ask that you consider how our values chime with your own sense of how schools should be run and how children are best served through our education system. We want all our staff to consider themselves as learners and leaders, regardless of their job role.

CORE Education has become a happy home for many staff who have worked in other environments and perhaps found it difficult to fit in. We embrace individuality of thought and celebrate that we are an employer who cares passionately about its employees, people with an incredibly diverse range of backgrounds and experiences. I have worked at every level from Teaching Assistant to Headteacher and just about every job in between. I have also worked or had experience in almost every sector of education.

I am therefore proud to now be able to lead a Trust in a way that allows me to draw on my direct experiences and go about my day to day business with a strong feeling of empathy for every one of our staff. I wish you every success with your application and hope I am in a position to personally congratulate you and say “welcome home” if you’re successful.

At City Academy, we believe that all students, whatever their background, have a right to an academically rigorous and culturally rich education.

We promote an ethos of Collaboration, Opportunity, Respect and Excellence. All students are encouraged to maintain self-discipline, be accepting of everyone and build positive relationships with staff and the wider community.

At City Academy, we push students to grow and develop academically, socially and personally, enabling them to leave school as confident, well rounded young adults.

INSIDE THE CLASSROOM

The quality of the curriculum at City Academy is fundamental in ensuring that all our students can achieve their full potential.

The curriculum is the heart of the school, underpinning student achievement and progress, whilst also reflecting and influencing the school's wider culture and ethos. We fully believe that our curriculum is more than a set of exam results, it is the development of happy, curious, kind, knowledgeable and successful citizens, who can help shape the world into a better place.

The curriculum at City Academy is effectively designed and implemented and provides a strong foundation that enables our teachers to thrive and truly enjoy their work, so they can imbue their students with a lifetime love of their subject.

OUTSIDE THE CLASSROOM

We aim to utilise the extensive wealth of opportunity within the city through visits to businesses, colleges, and universities. We do this to enhance the student experience and ensure that students are fully prepared for life after school whether that be further and higher education or apprenticeships and work.

At City Academy, students benefit from a range of established partnerships and projects, such as Lion Heart, Bringing Hope and sessions with the City of Birmingham Rockets Basketball Club. This is in addition to the wealth of performing arts opportunities available in the form of the COREUs choir and CORE Education Trust's, Echo Eternal.
