Recruitment information

REFLECTIVE • COLLABORATIVE • CREATIVE

Welcome

Thank you for your interest in joining the team at Cathedral Schools Trust. We are an ambitious and inspiring family of education professionals who are committed to making a difference to the children in our schools.

We care deeply about our people, recognising that the strength of our organisation comes from the people within it. At CST we encourage our staff to be **reflective**, to think deeply about their strengths and their development needs, recognising what we need to do to improve further.

We believe that it is only by working together that we truly make a positive difference and we are therefore committed to **collaboration** within and across our schools and with our wider communities. We recognise the need to disseminate best practice working towards alignment where it is in the best interests of children.

We also encourage **creativity** from our staff providing opportunities to be ambitious, fulfilling their potential and moving forward in their career. Within CST we want to encourage our staff to think differently to "challenge the way," ensuring that we are open to change so that we can continue to improve.

If you are searching for your next post, why not contact us now? You will be working at a great organisation and be part of a friendly, helpful team. We are always interested to hear from enthusiastic, committed individuals who want to work in education and who can actively contribute to developing our schools as centres of excellence.

About CST

Our mission

At CST we are unapologetic in our pursuit of excellence for the people and communities we serve. With a passion for learning within and beyond our classrooms and a deep commitment to music and the creative arts, every child and member of staff is empowered to realise their full potential as learners, people, and agents of positive change.

At CST we are reflective, collaborative and creative.

Our values

• Reflective

We nurture an understanding and respect for all people and cultures. We value the unique qualities of our schools and celebrate both the similarities and differences between our Christian and non Christian schools. We have high expectations, enabling every child to realise their potential, especially the most disadvantaged. We are ambitious for staff and encourage them to be reflective.

• Collaborative

We collaborate within schools, across our family of schools and with our wider communities. We listen and encourage, sharing what we do well and providing one another with high levels of challenge and support. By doing so, we ensure that all of our students and school communities benefit from our collective wisdom, energy and skill.

• Creative

We value creativity in particular in music, the performing arts and co-curricular, providing exceptional opportunities for staff and children to be ambitious and to fulfil their creative potential.
