## Overview of the Faculty / Department

### Outcomes

Outcomes for all pupils have continued to rise both across the academy and within our subject area. The team is focused on ensuring that we continue this very positive trend and continue to recruit more pupils into Key Stage 5 courses in our subject area. Further information on our achievements and progress can be provided to candidates who are invited for interview or by making contact with the subject leader.

### Facilities

We benefit from very well maintained and purpose-built accommodation with high levels of access to ICT facilities. All classrooms are suited together to help provide an ethos of collaboration and support for all colleagues. The academy has continued to invest in our facilities and receives good levels of funding from the Redhill Trust to ensure we remain well-resourced and work in facilities that the staff and students can thrive within.

### Curriculum

At KS3 we offer both Spanish and French to all students. They study 2 hours of Spanish or French a week, which rotates for Year 8 where they do 2 hours of the other language. Students then select one language to continue studying in Year 9. At GCSE, we use AQA as our exam board and teach the course over 2 years. Themes covered at GCSE include; Identity and culture, Local, national and international areas of interest, and current and future studies and employment.

These topics prepare our students for the A Level course. We currently only offer Spanish at A-Level, also with AQA. Students look at Aspects of Hispanic society and Artistic culture in the Hispanic world at AS and Multiculturalism in Hispanic society and Aspects of Political life in the Hispanic world at A2. Alongside these themes studied at A Level, students also study a film and a book, which they will write 2 essays about as part of their exams at the end of A2. The themes at A Level really gives our students an insight into Hispanic culture in today's society. We are looking to offer A-Level French from September 2024.

### Network and CPD offer

We benefit from, and contribute to, the wide CPD offer in the academy and also the Trust subject networks. Working in partnership with other subject leaders and teachers provides us with the opportunity to share expertise and ensure we are continually able to reflect and further improve all that we do in order to raise the achievement of students.

### Enrichment

Within the department there are many enriching opportunities available for the students, which allows them to gain a wider understanding about the cultural aspect of languages. Throughout the year, we deliver lessons that address European Day of Languages, Hispanic Day and Bastille Day as part of our ECO Days (Enriching Curriculum Opportunities). We organise trips to the theatre, dinner at authentic restaurants and university sessions. Alongside this, there are residential trips that take place, which in the past have included Paris and Valencia. We believe that this gives students an opportunity to really

The Carlton  
Academy

learn and experience the culture of the country that speaks the language they are studying and therefore students will engage in language learning on a new level that will positively impact their learning.
