

Inspiration & Excellence

Welcome to Bishop Vesey's Grammar School

WHO WE ARE

Bishop Vesey's Grammar School is a historic yet forward-looking community, founded in 1527.

For nearly 500 years, we have combined strong academic tradition with a commitment to service, character and opportunity, evolving with each generation.

From our origins under Bishop John Vesey to our outstanding modern academy, we are proud of our rich heritage, vibrant community and the achievements of our pupils past and present.

VISION

Our mission is inspiration and excellence. We want all our learners, irrespective of background, to be scholars, well equipped for life beyond school, with a deep knowledge, understanding and life-long enthusiasm for the subjects they are studying.

Through our curricular and extra-curricular provision, we want to develop students of excellent character, responsible global citizens, who will make the world a better place through their kindness, thoughtfulness, confidence and resilience.

Founded in 1527, our mission is to strive for inspiration and excellence in everything that we do.

VALUES

- Inspirational teaching and outstanding learning.
- Academic excellence, a spirit of enquiry and curiosity.
- Enrichment opportunities building leadership, independence and resilience.
- A warm, outward-looking and supportive community celebrating and promoting diversity and equality, actively anti-discrimination.

OUR MATHEMATICS DEPARTMENT

Bishop Vesey's Grammar School provides the opportunity to teach some fantastic mathematicians.

We follow the Edexcel syllabus at both A Level and GCSE. Last year 91% of our Year 11 students achieved a Grade 9 – 7 and a significant proportion of students supplement the GCSE with either the AQA Level 2 Further Mathematics or OCR Additional Mathematics qualification. The majority choose to study Mathematics at A Level where they are joined by a number of talented mathematicians from other schools. Mathematics is the most popular option in our Sixth Form with around 200 students taking A Level Mathematics in each of Year 12 and Year 13 (and around 60 of those also studying Further Mathematics). Our most recent cohort of Year 13 students achieved 85% A* - B in Mathematics A Level and 83% A* - B in Further Mathematics.

Our scheme of work includes both challenge and depth and students across the school enter the UKMT Mathematics Challenges. Outside the classroom there are Junior and Intermediate Problem Solving Clubs, a Pre-University Admissions Test Support Programme, a Cipher Challenge team and a student-run Mathematics Society. We also run peer-mentoring and support sessions to help students build confidence and progress with their mathematical studies.

The Mathematics Department is housed in the Richards-Randon STEM Block, a modern facility that was opened in 2016. Our classrooms are spacious and all fitted with a touchscreen display. Staff in the department are all given a desk space in one of our two Mathematics Offices.

The teachers within the department work closely as a team: sharing resources, discussing pedagogical techniques and contributing to a friendly and supportive environment. There is a collaborative atmosphere, while teachers retain the autonomy to be innovative and deliver lessons in their own style to challenge and stimulate our students.

“Not only has BVGS accepted my son with open arms. but each teacher has also made him feel safe, treated him as an individual and encouraged him.

I've never known my son so happy, so confident, so enthusiastic and well balanced!”
