

Nether Stowe School

Providing an aspirational, outstanding and transformative learning experience for all.

Welcome to Nether Stowe School

Information for Applicants 2020-2021

www.netherstowe.com

A great education transforms lives.

That's why, at Nether Stowe, we pride ourselves on focusing on the things that are important: developing the best quality teaching and learning and inspiring pupils through experiences and opportunities that will stay with them for the rest of their lives.

To make this vision a reality, we are fully committed to the bespoke and personalised development of our staff. Pupils at Nether Stowe have an enormous appetite for success and we are determined to unleash their potential. We want teachers who are open-minded, innovative, creative and imaginative. You will know the value of a great team and the essential importance of care and support.

We are a small school. Our size is one of our strengths. I am incredibly proud of how well our teachers and staff know our pupils and I am thoroughly proud of our professional philosophy of well-being and support for all. Nether Stowe is a community where everyone is cared for and nurtured.

We are also incredibly proud to be part of the Arthur Terry Learning Partnership, a thriving multi-academy trust. You will have the opportunity to share and develop best practice and access outstanding and unrivalled professional development opportunities.

Nether Stowe is expanding, growing and flourishing. Our new extension is due for completion in Feb 2021 along with a new sports hall in June 2021. We have a Sixth Form which has doubled in size within two years, with students applying to the very best universities in the country. Every pupil who joins us starts an exciting seven-year journey of development and challenge. We encourage and grow all of our pupils to have the character to be ambitious, resilient and independent learners who are thoroughly proud of their school. We want staff who can tap into this potential.

You are welcome to make an appointment to see these values in action. We look forward to receiving your application.

Glyn Langston-Jones, Headteacher
