We are seeking to appoint an outstanding Head of PE who will share our determination to transform the life chances of our students. We are looking for a highly effective colleague who works hard, is committed to the wider role of a PE teacher and is a specialist in boys' PE. You will be inspirational in leading the department which consists of one full-time female teacher supported by specialist PE staff.

We currently have 516 students on roll and this will rise considerably in the coming years as a local authority two-phased expansion plan takes place. The expansion plan includes an investment in new teaching facilities, with phase 1 due to be completed by September 2022. We are an outward thinking team, striving for constant improvement, to be the best we can be. We work closely together, finding links within each subject and promoting these through our integrated curriculum. Exam results within the faculty are good and improving, and students enjoy their learning.

IES Breckland is a good and improving school well regarded by the local community. Staff enjoy working here and our students are well behaved and keen to learn. The school is operated by Sabres Educational Trust, a single academy trust, who are fully committed to developing the school and seek an individual who will assist with the journey.
