## About United Learning

United Learning is a group of schools which aims to provide excellent education to children and young people across the country. We uniquely comprise schools in both the state and the independent sectors and currently educate over 60,000 pupils and employ over 9,000 members of staff.

The growing range of outstanding group-wide activities that we can provide will mean that more young people will have truly exceptional and inspiring experiences. We believe that our Group contains the most developed relationships and practical interactions between independent and state schools in the country; creating benefits for all the schools involved whilst respecting both traditions and learning from each other.

United Learning comprises both United Church Schools Trust, which operates our fee-paying independent schools, and United Learning Trust, which operates our state-funded academies. ## Our Ethos

Our approach to education is underpinned by a sense of moral purpose and commitment to doing what is right for children and young people. We believe in supporting our colleagues to achieve excellence and in acting with integrity in all our dealings within and beyond the Group. We believe the safety and welfare of all children and young people is paramount. We summarise this ethos as ‘the best in everyone’ underpinned by our core values:

**AMBITION** – to achieve the best for ourselves and others.

**CONFIDENCE** – to have the courage of our convictions and to take risks in the right cause.

**CREATIVITY** – to imagine possibilities and make them real.

**RESPECT** – for ourselves and others in all that we do.

**ENTHUSIASM** – to seek opportunity, find what is good and pursue talents and interests.

**DETERMINATION** – to overcome obstacles and achieve success.

## Our Framework for Excellence

To achieve our mission, our schools prioritise five key principles:

### ‘THE BEST FROM EVERYONE’

We expect the best from everyone, all the time, we are all capable of extraordinary things. So, we expect unreasonably – we constantly challenge children to do what they think they can’t, to persist, to work hard and to be at their best. We also expect this from our staff; they must be determined and resilient, they must pass those expectations on to the children in all they do. We act with the utmost love, care, and good faith – the highest standards come with the greatest attention to the wellbeing of all.

### ‘POWERFUL KNOWLEDGE’

Our most important purpose is to teach young people things they would not learn outside school, which frees them to think and act more powerfully in their lives. Words and numbers are our most powerful ways of representing the world. Mastery of language and fluent mathematical skills are therefore our top priority. We aim to prepare young people to make a success of their lives: a core entitlement to subject- based learning; the development of talents; an understanding of work and society.

Worthwhile learning is often hard. Inspiring teaching is what gives access to difficult concepts and the thrill of intellectual discovery. Powerful knowledge is not static or backward-looking. It includes the ability to critique, challenge the status quo, think, and learn.

### **‘EDUCATION WITH CHARACTER’**

Academic success is very important, Exam passes are an important aspect of that. But we believe there is more to a good education; we aim to develop character, compassion, and service. Young people are expected to contribute to their school and to society; to try things which they think they cannot do; to persist in the face of difficulty; to become resilient in overcoming obstacles; to manage themselves; to work independently on things which challenge them; to work with others and in teams; to be courageous and caring; to lead.

We want young people to look back on a joyful schooling which has inspired and challenged them, given them wide opportunity and prepared them for the ups and downs of life.

### **‘LEADERSHIP IN EVERY ROLE’**

Our children are leaders of the future. We expect them to start today – taking advantage of structured opportunities to lead and taking responsibility for themselves and others. Every adult in the school is a leader. In every word, tone, and gesture, they set direction and expectation. We expect every adult to take responsibility and the initiative to do what is right for the children. All those in formal leadership positions create the climate in which others work. They demand the highest standards, build a performance culture, develop their teams, and create the space for others to lead. All leaders listen, develop relationships, act with integrity and care and expect the best from themselves and others in building a happy, confident school.

### **‘CONTINUOUS IMPROVEMENT’**

However good we are, we can be better. We constantly look for improvements and implement them with pace. We look for ideas for improvement inside the organisation and out; we observe one another; we steal good ideas with pride and look to make them better; we work together to improve.

We always look at the evidence and are rigorous in evaluating impact. We stop or change things which aren’t working; we improve things which are. We aim for high leverage: high impact for low effort and low cost. We constantly look to have more impact for less cost and effort and to spend every pound wisely.

### **Continuing Professional Development**

Our staff are one of our most important assets, we are passionate about supporting our staff, bringing out ‘the best from everyone’. We work on the basis that each of us, however effective, can always learn and develop. This role is given a particular priority, given the wide-reaching impact that leaders have on the life of staff and pupils alike.
