

Lady Hawkins' School

Kington - Herefordshire
Headteacher: Mr Allen Brace BSc NPQH

September 2025

Dear Applicant,

Thank you for your interest in the position of Head of Science and Maths Faculty at Lady Hawkins' School. This is a critical appointment for us as we continue to build on our strengths and raise standards even further.

Our results in Mathematics at both Grade 4+ and 5+ are amongst the very best in the county, reflecting the commitment of our staff and the determination of our students. We are proud of these achievements, but we are also ambitious to do more. We are looking for a science specialist who can drive improvement across the faculty, ensuring that all our young people achieve their very best in both Science and Mathematics.

Lady Hawkins' is a unique school: small enough to know every student well, yet ambitious enough to offer a broad and balanced curriculum with high expectations for all. We are a school that is growing year on year, with a strong reputation in our community and beyond. The successful candidate will not only play a vital role in shaping the future of Science and Maths but will also be a key member of our middle leadership team, contributing to the wider improvement of the school.

We are proud of our values – relationship building, respect and responsibility, collaboration and community, and empowerment and growth – and we are looking for someone who will share and model them every day. If you are passionate about teaching, ambitious for students, and excited by the opportunity to lead a talented team, we would love to hear from you.

I look forward to receiving your application.

Yours faithfully,

Allen Brace
Headteacher
