“ There is a real love of learning that permeates throughout the entire school as a result of the highly inclusive ethos which benefits not just pupils with SEND and those from other vulnerable groups, but the whole school community as well. The pupils' approach towards learning is highly commendable and learner attitudes are promoted and developed through the school's new vision for its pupils. Pupils at Glade Hill are certainly 'Golden' and they do 'SPARKLE' and shine within such a highly inclusive school. ”

SELF-MOTIVATED ★

At Glade Hill Primary & Nursery School we believe self-motivation is a key life skill.

Our children are encouraged to develop self-motivation from our Early Years Foundation Stage through to Year 6. Our staff are confident, hard-working and motivated to be the best they can be. We encourage our children to enjoy learning, have fun and set personal challenges to achieve more than they thought possible.
