

## Welcome to our school

Thank you for taking the time to look at our school and the opportunity we have for a new Head Teacher.

We are fortunate at Hartwell to have a team passionate and dedicated to the learning and achievement of our children. We are a Church of England Academy and play an active role in our local community. Our last Ofsted inspection recognised the school as Outstanding. We have since then continued to challenge ourselves to innovate and learn from new ideas to achieve the best outcomes for our children and to re-develop the school environment and technology to support modern learning. Our head teacher is leaving at the end of this academic year hence we are now recruiting for a new leader for our school for September 2022.

We are looking to appoint a strong and innovative leader. A leader who will not only continue the good work already in place, but also take us forward and bring new ideas to our school. In return, we offer a competitive salary and the opportunity of a bonus for outstanding performance.

Please find attached the outline of the role, together with a skills specification and other important information we think you will find helpful in making a decision to apply for our post.

We are very keen to welcome potential candidates to our school and we are happy to talk to you about our leadership opportunity. Please do not hesitate in contacting the school to arrange a visit or if further information is required.

Martin Cox  
Chair, on behalf of Hartwell Governors
