

Dear our soon to be Head Teacher at St Josephs,

We are wanting to tell you why St Joseph's is so good and what we want you to be like to us.

After all around three quarters of school loves football, so we want you to like it just as much as we do. We also want you to be kind and forgiving because we can all make mistakes and I want you to be loving to our families while you make us smile.

We are a Catholic school so we want someone who believes just like us and we need you to respect what we believe in it including our Gospel values.

We all love to do sports and fun activities but we all put our heads down while working, we celebrate our different achievements in different ways, we try to be confident and believe in ourselves.

We want our teacher to like football, enthusiastic and inspiring we want you to be funny. We want you to make our school grow as we grow and we need you to keep that special traditions and values that make St Joseph's unique. Most importantly, we want our new

Head Teacher to love St Joseph's because
this is our home.

We hope you will choose our school and join
our school family.

Yours sincerely,

Layla from eagles class
