

Messages from The Commonweal C30 students

I like Commonweal because of the opportunities the school has given me. I love the performing arts part of the school because everyone is happy and enthusiastic. I also really like our school uniform because it is comfortable and smart and not too strict.

Year 9 student

Teachers are encouraging and the lessons are engaging

Diversity of students is amazing

Commonweal is a great environment to work and learn in because they make sure our happiness and well being is as important as your grades. I have no regrets coming and neither would you.

Year 9 student

The atmosphere is very nice and relaxed

Very welcoming as I walk through the gates

A friendly environment and very supportive teachers

I like Commonweal because the lessons are beneficial to every student and every single teacher ensures the students reach their full potential. With The Hub this makes Commonweal suitable for everyone.

Year 9 student

Teachers here are determined to help us reach our potential

Lots of opportunities for everyone

The school has always provided many opportunities

Hardworking school that takes pride in our education

I like Commonweal because it has lots of great facilities such as C6 and the school building. It's also a great place because all the students and staff are really friendly and supportive. Another great point about the school is the uniform is great and I think it's really smart.

Year 9 student

Support for the performing arts

Students are coached and gently pushed to achieve their best

I think Commonweal is great because everyone is catered for. Commonweal is fair and welcomes anyone from any background with open arms. The school provides help and support for any student that needs it. Resources like The Hub, C30, scholars, tutors and mentors help students reach their full potential.

Year 9 student

It is different, it is special

Teachers who listen and treat us like adults

A very creative school

Personally, I love Commonweal because I love the overall environment of the school. All teachers want the best for you and push you to gain the best grade possible and the school in general also focuses on supporting issues in the school, town, country and even the world with the 'send my friend to school' campaign.
