## About drb Ignite Trust

*'All pupils achieve the highest standards of educational outcomes regardless of circumstance or background'*

drb Ignite Multi Academy Trust is a vibrant and growing charitable organisation. As a unique family of ten primary schools, our vision and values are shared and constantly lived across all schools.

drb Ignite Trust was founded in October 2014 and is an ambitious and developing multi academy trust committed to driving educational improvement across its family of schools.

We see ourselves as a new civic structure with a remit to advance education for public benefit.

Everyone involved with the Trust is clear about the central role of strong leadership and collaborative endeavour in achieving and sustaining this ambition for all pupils.

We are a specialist primary phase Trust operating ten schools across Birmingham and Dudley.

Our schools are close enough to be able to share practice and resources easily, travel between each other and collaborate around the things that matter most to pupils and families locally.

This capacity to work together and get to know each other's schools and communities is an important and central feature of our system design. As an established Trust, we have plans for further growth within the West Midlands area. Currently, we operate an annual budget of £24m provided by the Department for Education through our Funding Agreement.

We use this carefully by planning and prioritising spending decisions to ensure we can maintain a consistently high standard of education to over 3600 pupils.

## One Trust One Organisation

To achieve great outcomes for pupils and sustain effective performance over time we keep our strategic design model simple:

### *'One Trust One Organisation'*

We strongly believe that more can be achieved by working together than individual schools can achieve by working alone. This involves building a deliberate system that is fit for purpose, robust, and flexible enough to face both immediate and future challenges.

The global pandemic highlighted the effectiveness and efficiency that can be achieved by operating as one aligned organisation. Over this time, we have been able to provide high levels of support to our schools which has increased resilience and promoted resourcefulness and speedy decision making. For example, there has been real power in schools working together within a single governance framework. We call this the golden thread of governance.

We want our schools to respond to the diversity of their local context, taking decisions in accordance with the needs of the pupils and families they serve whilst also collaborating and sharing effectively together through a structured Scheme of Delegation with clear roles and responsibilities.

We believe this is the best way to enhance levels of support, retain a focus on improvement priorities and secure appropriate accountability.

### Our workforce is fundamental to our success and growth

Our workforce is fundamental to our success and growth. Attracting and retaining staff who share our vision and ambition for pupils is a number one priority for leaders and Trustees. We believe the professional capacity and capability of our leadership, teaching, and support staff are central to effective teaching and learning.

As one Trust, we work together to create an expectation of ongoing professional development, teacher enquiry and evidence-based practice. We believe this improves the quality of pedagogy and learning for everyone. We are committed to developing improvement and intervention models that solve and overcome persistent problems, particularly for our most disadvantaged pupils.

Trustees and staff focus on expressing clear and consistent messages about the Trust's vision and ethos. This ensures a collective responsibility for the health and wellbeing of the whole school community.

Our schools use national, regional, and local information and data from our multi-agency partners like health and social care services, to understand the holistic challenges facing our pupils and families.

We think about ways to remove the barriers that sometimes get in the way of effective learning and impact on overall achievement.

Trust leaders and Headteachers meet regularly to build a sophisticated and evidenced understanding of strengths and weaknesses across the Trust.

Leaders make decisions about the best way to respond by reflecting on every detail of a pupil's experience. This approach enables leaders to respond rapidly when a need arises and reduces the risk of a school or group of pupils in difficulty being missed.

## Educational Improvement

Educational improvement is the Trust's core business. We are set up to run and improve schools and this must always stand out as our purpose in all decision making. Our school improvement model reflects the centrality of great teaching that is consistent in providing high-quality learning across all schools and age groups. We see this as central to our social justice responsibilities as a Trust working predominantly in areas facing multiple disadvantage. These challenges have been increased by the impact of the pandemic.

We have a relentless focus on what happens in classrooms every day, the practice of teaching and learning and the quality of the curriculum experiences of pupils. To enable and support this we have established a central school improvement team of senior educational leaders, each with a range of bespoke specialisms and experience.

An executive leader for school improvement has full responsibility for this team and reports directly to the Trust CEO. This has an immediate and positive impact through more effective and timely challenge, intervention and support.

To support the central school improvement team, we have also established an in-house group of school improvement practitioners who not only lead practice within their own school but extend this support to other Trust schools. They are currently working in the key areas of English, reading, mathematics, curriculum design, early years, religious education and curriculum enrichment.

A Trust Improvement Board has been established as a committee of the Trust board. This works to support, improve and challenge pupil achievement and school performance.

We recently appointed a Trust Inclusion Lead who is responsible for the development of our inclusion, safeguarding, SEND, behaviour and wellbeing strategies, ensuring high-quality support and challenge for all pupils with a focus on the most vulnerable.

Pastoral teams are present in all schools to offer wider support to pupils and families. Each school has its own 'Children's Safeguarding Board' where pupils work together to contribute to the Trust's wider safeguarding work. For example, they lead assemblies and undertake risk assessments alongside adults.

Recent projects include a focus on road safety and discouraging parents from smoking when they pick their children up at the end of the day.

We are an outward facing Trust that actively seeks opportunities to work with other academy trusts and teaching school hubs. This helps us to draw on best evidence and practice.

We are committed to system leadership that goes beyond collaboration and engages deliberate system design to improve teaching and learning.

We want all our schools to use professional reflection, theory and practice in the pursuit of improved outcomes.

This is a confidential counselling service which has been developed to support the physical, emotional, and psychological wellbeing of employees, as well as offering legal advice.

### Flexible and Family Friendly Policies

The Trust has generous policies for maternity leave, paternity leave, flexible working and discretionary leave. All staff have the right to request flexible working as soon as they have worked for at least 26 weeks (continuous service).

We include an informal stage in our flexible working policy to ensure that any concerns or worries can be discussed and explored with a senior manager before having to proceed to a formal stage.

### Collaborative Working

As a family of nine schools in a close geographical area, we have the ability of being able to work collaboratively with those doing similar roles in different schools, picking up best practice and sharing great ideas.

To support our schools to develop the best curriculum possible, we believe in collaborative planning and sharing ideas and best practice. We have a team of School Improvement Practitioners which include subject specialists who support this collaborative approach and are up to date with the latest subject developments.

All of our School Improvement Practitioners have been appointed from within the Trust. They meet regularly to share best practice and discuss the latest curriculum thinking to develop our Trust curriculum. They also lead on specialist school improvement projects to help the Trust develop its expertise and share best practice and support staff professional development.

They can be used for a wide range of childcare, with the only condition that the provider is registered with the appropriate body.

## Disability Confident Committed Employer

drb Ignite Trust is proud to be a Disability Confident Committed employer. By signing up to the accreditation we have agreed to commit to the following five commitments:

3. Anticipating and providing reasonable adjustments as required
4. Supporting staff who acquire a disability or long-term health condition, enabling them to stay in work

We are pleased to have been awarded the accreditation and see this as a really positive step forward for the Trust. It shows our commitment to supporting current staff and recruiting and attracting candidates in the future.
