Victoria Park Nursery School & Family Hub

Victoria Park is a Local Authority Nursery School and Family Hub (formerly a Children's Centre), which forms part of the West Berkshire Council Early Years provision. The Nursery serves some 150 pupils aged from 2 to 5 years.

The School operates from a purpose built single storey premises located on the northern edge of Victoria Park in the centre of Newbury. Over the past few years we have completed a new outside learning area, which now forms an integral part of our learning environment.

49% of children in the school speak English as an additional language. Currently 23 different languages are spoken, the largest numbers speaking Polish and Hindi. This high percentage of EAL speakers is unusual for a school in West Berkshire. 20% of our children have special educational needs, the largest number having speech and language needs followed by Autistic Spectrum disorder. 25% of our children receive Early Years Pupil Premium funding and 30% of our children are Ever2's.

At Victoria Park we work very much as a team, encouraging all members of staff to work together towards shared goals. Our aim is to provide opportunities for children to develop cognitively, physically, emotionally and socially, sensitively supported by staff who are knowledgeable and passionate about early years education, and that this development will take place in an atmosphere of sharing and caring.

Play is central to our ethos. Everything we do is through play and by talking. We want all of our children to become independent learners and aim to establish an atmosphere that is secure yet challenging whilst continuing to foster the warmth and trust of home.

The success of our school is built on our commitment to excellence. As well as receiving 3 consecutive "Outstanding" assessments from OfSTED, practice in our school has been praised by significant early years experts such as Professor Iram Siraj, Professor Jan White and Professor Helen Bilton.

We presently have five early years Teachers (one focusing on outreach), working with an experienced, qualified team of Early Years Educators and Learning Support Assistants in the Nursery.

A committed team of a Hub Manager and one full time and three part-time Family Support Workers staff the Family Hub. The Hub is housed in a modular building attached to the Nursery School and has its own access. It serves families with children aged 0 - 4 years in the Newbury area.

A number of the super output areas served are among the most deprived in West Berkshire.

The core purpose of Family Hubs is to improve the outcomes for children and their families and reduce the inequalities between families in greatest need and their peers in;

- ❖ Child development and school readiness
- ❖ Parenting aspirations and parenting skills
- ❖ Child and family health and life chances
