UNITY SCHOOLS TRUST

Excellence through collaboration

Welcome from the CEO

Our vision is to be a community where, by working in partnership together, we are able to deliver the best possible opportunities and outcomes for all of our students. Our motto- Excellence through collaboration– encapsulates our belief that cooperation and teamwork enable us all to grow and develop into the best version of ourselves.

Excellence is realised in many ways, not least through the achievements of the students in our schools. However, it is also seen through the relentless focus of our staff on delivering the highest standards of teaching, learning and student support which enable those successes to be accomplished. As a learning community we believe that every day presents a new opportunity to gain

fresh insight and understanding and to implement newly acquired knowledge and experience for the benefit of all.

Our curriculum model has been designed to encourage the development of confident, independent, learners with the skills and comprehension necessary to succeed in an increasingly competitive world. In conjunction with the extensive enrichment

opportunities provided by the schools within the Trust our students are able to grow in maturity and understanding.

We are an outward facing Trust with strong links in our communities where we engage in partnership work with many of our feeder primary schools. We have a particular specialism in the promotion of science and scientific discovery and regularly support the production and delivery of the primary curriculum in this area.

I hope that you will find the information in this document helpful and informative but please do get in touch for further information. I look forward to the opportunity to speak with you directly about working with us.

Michael del Río
Chief Executive Officer

About Unity Schools Trust

Unity Schools Trust is a Multi-Academy Trust formed in September 2015 by the partnership of The Magna Carta School and Bishop David Brown School. The Trust is currently responsible for the education of over 1800 children supported by more than 230 staff. Our schools are located in Staines-upon-Thames and Woking.

Ethos and Values

The stated objective of Unity Schools Trust is to achieve Excellence through collaboration. The Greek philosopher, Aristotle, believed that excellence came in both intellectual and moral forms. The Trust aims to instil a love of learning by the full engagement of all of its community- students and staff- in the process of acquiring and applying knowledge. Furthermore, the Trust seeks to promote the development of positive 'habits' through a wide range of character-building opportunities. When combined, we believe that these two elements support the development of the whole person enabling us to be the best version of ourselves. Our vision is *to be an outstanding learning community where together we learn to know, to do, to be and to live together.*

Our Objective

The Academy Trust's primary objective, as stated in its articles of association, is 'to advance for the public benefit education in the United Kingdom'. Unity Schools Trust is listed as a charitable company limited by guarantee at Companies House.

Partnerships

A significant part of the Trust's work is in the forging and development of partnerships with neighbouring schools. This includes primary liaison work and support for the provision of specialist subjects. The Trust's work in fulfilment of its objective through collaboration involves sharing people, sharing resources, sharing ideas and sharing progress.

Services

The Trust provides core support in a number of areas to all of its constituent academies including school improvement activities, finance, ICT and operations.

What our employees say...

From trainee teacher to Assistant Head of School, my journey with the school and UST has been rewarding. Their faith in my abilities and the developmental opportunities provided have accelerated my career progression. I've always felt part of a supportive network and look forward to our future.

Jamie Foster, Assistant Head of School

I began my journey at Bishop David Brown School (BDB) as a Teaching Assistant, which inspired me to become a teacher. After teaching elsewhere, I returned to BDB as Head of Humanities.

BDB's support for my professional development has been outstanding, helping me progress from Middle to Senior Leadership. The school's family-like atmosphere and supportive staff create a harmonious environment where everyone thrives.

During my time at BDB, I've witnessed its growth and evolution into a motivated and purposeful workplace. The school's student-centric approach fosters a keen interest in learning and high achievement among students.

BDB's support for staff at different career and life stages is commendable. As a new mother, I received excellent care during my pregnancy and maternity leave. My return to work was handled sensitively, and I've been supported in balancing my home and school responsibilities, allowing my career to continue to flourish.

Being part of UST provides access to a wider pool of knowledge and experience. The opportunity to visit other schools and share good practices is a highlight of my role.

Rachel Gomm, Deputy Head of School

If I were to describe TMC school in three words, I would say: dedicated, supportive, thriving!

The senior leadership team is committed to achieving academic excellence and fostering a safe learning environment, making work and learning enjoyable for both teachers and pupils.

The school's nurturing and inclusive environment is reflected through the recently revamped curriculum to make it more diverse, ambitious and engaging. I am quite impressed by the ways pupils are consistently provided opportunities to explore and excel through classroom learning and extracurricular activities. The focus on literacy is at the heart of the school and is channelled through tutor time and classroom discussions and tasks. I am thoroughly enjoying working at this school, where potential and passion not only find a place but also become achievable.

Kiran Gull, School Literacy Lead

"Pupils are engaged in their lessons. Teachers have strong subject and pedagogical knowledge."
