

What is it like to work at Lytchett Minster School?

Who are we?

Lytchett has not joined a multi-academic trust, and has no intention of doing so, because it values its independence as a secondary school which serves its local community and produces outstanding outcomes for its staff and students. Lytchett Minster School is a Foundation School where we benefit from the Governing Body being our employer. Our governors are experienced, committed and supportive. As a school we have a strong commitment to staff wellbeing and development.
