

Longden CE Primary School and Nursery - KS1 Class Teacher required from January 2022.

Permanent, full-time post upon successful completion of a probationary period and/or the statutory induction period for ECT. Main scale (MPS1-6, £25,714 - £36,961)

We are a popular and successful church school, with a reputation for a vibrant and engaging approach to learning. Parental support for the school is high and relationships with the local community and church are excellent. We benefit from three acres of wonderful grounds perched on the edge of the Shropshire Hills, within easy reach of Shrewsbury. Our staff are highly committed to their work with the children; this is a happy place to work and consequently staff absence and turnover is very low. An opportunity has arisen for a class teacher to join our team, initially teaching at Y1/2. The post would suit an early career teacher for whom full support would be given. Equally, applications are welcome from fully qualified teachers seeking to extend their experience. Visits to the school are encouraged and prospective applicants are able to discuss the post further with the headteacher by arrangement with the school office.

Closing date: Friday 15th October 2021, 5pm

Interviews: Thursday 21st October 2021

See the school website for further information about the school. Contact Chris Tay, Headteacher, if you require further information about this post:
